This volume brings together scholars from across disciplines and continents in order to continue to analyse and deconstruct the complexities of bodily existence in the modern world. Comprising nine essays by leading and emerging scholars and spanning issues ranging from literature history sociology medicine law and justice and beyond, *Talking Bodies vol II* is a timely and prescient addition to the vital discussion of what bodies are, how we perceive them and what they mean. As the essays of this volume demonstrate, it is imperative to question numerous established presumptions about both the manner by which our bodies perform their identities and the processes by which their ownership can be impinged upon.
