Political Psychology New Ideas For Activists:

Political Psychology Donald Conover, 1914-11-01 Many of my essays are on reframing the issue They are not meant to provide a specific rule which is always correct but only to provide examples of how political issues can be reframed to make us look at them another way I warn you though if you look at any issue from another perspective you might start to find yourself changing your side in a decades old argument Are you willing to risk that in order to see changes gravitate toward your way of thinking If not then read no more Simply go back and submerge yourself in the cacophony of the talking heads on the news channels They abound If so then read on I've written a lot to give you the idea of what you can do **A Political Psychology**

Approach to Militancy and Prefigurative Activism André Luis Leite de Figueirêdo Sales, 2023-03-06 This book frames a series of protests occurred in Brazil from 2013 to 2016 as exemplary cases of global trends in contentious politics to analyze the tension between two forms of collective action the militant militante and the prefigurative activist ativista Building on sociology political science and psychology it explores the relationship between protestors activities and conceptions of political participation with their subjectivity and agency The protest cycle triggered by the June 2013 events in Brazil gave strength and popularity to repertoires and strategies of collective action uncommon and innovative Those praxes defied political parties conventions highlighted the limitations of militant unionist tradition and brought prefigurative activism to the Brazilian left wing agenda In this book Andre Luis Leite de Figueir do Sales combines theoretical tools and traditions from South and North America to build an interdisciplinary approach to Political Psychology and answer the question what psychological differences lie behind the disparate forms of political action adopted by militantes militants and ativistas prefigurative activists in Brazil Inspired by books of short stories the chapters discuss different aspects of the distinction between militancy and prefigurative activism On them the author deals with problems such as how are the ongoing changes in Brazilian protest culture connected with the rising popularity of autonomist movements across the globe What differences does it make rooting protest strategies in principles like resistance or refusal How does the culture informing militants and prefigurative activists conduct affect their political goals and horizons How does militant and prefigurative activist culture relate to militants and prefigurative activists forms of political consciousness A Political Psychology Approach to Militancy and Prefigurative Activism The Case of Brazil will be a valuable tool for social movement researchers from different disciplines interested in understanding how can subjectivity be at the same time a determiner of activities performed in collective action and determined by these same transformative deeds *The Social and Political Psychology of Protest Across and Within Cultures* Martijn van Zomeren, 2025-06-27 This topical book explores the phenomenon of when and why people protest Based on social and political psychology the book takes a comparative approach across and within cultures and examines how human motivation and political and cultural contexts affect protests Showcasing state of the art chapters from a new generation of social protest researchers the book offers an overview of research into contemporary social change

over the last decade It draws on interdisciplinary research from social and political psychology across and within cultures to increase the scope of the phenomenon of social protest The chapters feature different international examples and discuss diverse manifestations of social protest Each chapter explicitly connects key insights to the practice and real life relevance of social protest The book offers a unique perspective of the when and why of social protest and will be essential reading for students and academics in the fields of social psychology political psychology politics and sociology as well as anyone in behavioural and social sciences interested in social movements social protest and social change

The Social and Political Psychology of Violent Radicalism Serge Guimond, Armelle Nugier, 2023-11-27 This book provides a unique perspective on the perpetrators and victims of political violence using original evidence from the deadly attacks perpetrated in Paris in 2015 Much of the current literature focuses on the perpetrators of such violence This volume however offers a deeper analysis by focusing not only on the terrorists themselves but on understanding the reactions of the general population affected by such lethal acts It provides a more detailed view of the opponents of terrorism namely us and explains how our own reactions can increase or decrease the potential for political violence Part I introduces the most relevant theories within social psychology and political psychology that are used to understand terrorism Part II examines empirical evidence from a French context and Part III discusses policy implications with the prevention of political violence as a long term goal Finally the volume offers a blueprint for a more appropriate conceptualization of terrorism as arising out of intergroup conflict suggesting ways to build a resilient society This book will be of interest to researchers teachers and students across social psychology sociology political psychology and political science

Political Activists in America Nathan Teske, 2009-01-01 Argues that active involvement in politics can be deeply fulfilling to the individual and that the construction of identity for all activists is both about morality and about what one wants for oneself Includes interviews with environmental social justice and pro life activists Provided by publisher

Introduction to Political Psychology Prof. Dr. Bilal Semih Bozdemir, Schemas cognitive structures that organize knowledge and guide information processing are fundamental in shaping political judgments They consist of preconceived notions about political entities including parties ideologies and individuals that affect how information is perceived and interpreted For instance an individual with a schema that associates an opposing political party with corruption may filter new information through this lens leading to an automatic dismissal or reinterpretation of positive news about that party The influence of schemas is further compounded by the social context in which individuals operate Group norms and values often dictate what is deemed acceptable within a political discourse This social interdependence affects not only personal judgments but also broader political ideologies that dominate public discussions

The Oxford Handbook of Political Psychology Leonie Huddy, David O. Sears, Jack S. Levy, 2013-08-01 Political psychology applies what is known about human psychology to the study of politics It examines how people reach political decisions on topics such as voting party identification and political attitudes as well as how leaders mediate political

conflicts and make foreign policy decisions The Oxford Handbook of Political Psychology gathers together a distinguished group of scholars from around the world to shed light on these vital questions Focusing first on political psychology at the individual level attitudes values decision making ideology personality and then moving to the collective group identity mass mobilization political violence this fully interdisciplinary volume covers models of the mass public and political elites and addresses both domestic issues and foreign policy Now with new material providing an up to date account of cutting edge research within both psychology and political science this is an essential reference for scholars and students interested in the intersection of the two fields

Political Psychology Mr. Rohit Manglik,2024-02-10 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels

The Power of Morality in Movements Anders Sevelsted,Jonas Toubøl,2022-11-07 This Open Access book explores the role of morality in social movements Morality has always been central to social movements whether it be in the form of the moral foundations of movement claims politics and ideologies the values motivating participation the new moral principles envisioned and practiced among movement participants or the overall struggle over society's moral values that movements engage in This is evident in movements emerging from recent interlinked crises the crisis of human rights the climate crisis and the developing crisis of democracy In analyzing these current events through a variety of theoretical methodological and empirical lenses this book brings morality to the forefront of the discussion allowing for a rethinking of its role The book is divided into five parts The first part introduces and explores the central concept of the book outlining the dominant existing approaches to morality and ethics in the extant movement and civil society literature The following three parts investigate morality in relation to topics and movements that are either prominent to contemporary politics or salient to the question of morality In these empirically informed parts the authors apply a diverse selection of methods spanning fieldwork historiography traditional and novel statistical analytical methods and big data analysis to a diverse selection of data Topics discussed include refugee solidarity movements male privilege and anti feminism movement environmental and climate justice movements and religious activism The fifth and closing part of the book focuses on the more abstract theoretical question of the relationship between morality and ethics and activist practices and points to future research agendas This book will be of general interest to students scholars and academics within the disciplines of political sociology science and anthropology and of particular interest to academics in the subfields of social movement and civil society studies

New Generation Political Activism in Ukraine Christine Emeran,2017-06-14 Individuals in the post Communist Ukraine dealt with a political climate of stalled reforms and corruption leading to a mass distrust of many political institutions This had a demobilizing effect on a citizen's sense of capacity to effect social change Therefore the emergence of any individual to become an activist and involved in protest movements was a remarkable feat So

how does an individual become an activist in such a climate This book explains how socio cultural experiences shape an individual s choices to become an activist in the authoritarian space of post Soviet Ukraine by applying a cultural actor centred approach using qualitative methods of interviews and ethnography The goal is to better understand the dynamics of individual decision making between participants in collective protest actions under repressive conditions from the State using biographical narratives The book covers multiple discussions with five young activists involved in the three largest protest events since Ukrainian independence in 1991 the Ukraine without Kuchma Movement of 2000 2001 the Orange Revolution of 2004 and the Euromaidan protests of 2014 This is valuable reading for students and researchers interested in political sociology social movements and Ukrainian politics and how these Ukrainian protests can be related to wider European political movements

Gender and Political Psychology Zoe Oxley, 2017-10-02 This book showcases new work done by gender politics scholars and political psychologists covering a variety of political psychology topics These include stereotyping and prejudice intergroup conflict social identity attitude formation group affinity group decision making anxiety contextual effects on individual behaviour and the evolutionary roots of political behaviour Political psychological insights are applied to address topics of longstanding concern within the field of gender and politics Among the citizenry gender differences in political ideology responses to partisan conflict Hispanic identity formation and symbolic racism are explored Other chapters pose the following questions relating to female candidates What have been the effects of state parties gender inclusive policies Who is most likely to gender stereotype candidates Are general attitudes toward women in political office related to vote choice in specific contests What are the implications of politicized motherhood Finally a set of essays engage a variety of themes related to gender decision making rules and authority in small deliberative bodies This book was originally published as a special issue of *Politics Groups and Identities* [Library of Congress Subject Headings](#) Library of Congress, 2013

Beyond Resistance! Youth Activism and Community Change Pedro Noguera, Julio Cammarota, Shawn Ginwright, 2013-05-13 The failure of current policy to address important quality of life issues for urban youth remains a substantial barrier to civic participation educational equity and healthy adulthood This volume brings together the work of leading urban youth scholars to highlight the detrimental impact of zero tolerance policies on young people s educational experience and well being Inspired by the conviction that urban youth have the right to more equitable educational and social resources and political representation *Beyond Resistance* offers new insights into how to increase the effectiveness of youth development and education programs and how to create responsive youth policies at the local state and federal level

Handbook of Research on Recent Developments in Internet Activism and Political Participation Ibrahim, Yasmin, 2020-06-26 International politics is witnessing a rapid transformation due to the emerging impact of the internet and digital media Activists in various countries have been given a new medium to voice their views and opinions resulting in governments adapting to the digital environment in which we currently live As the role of social media and online

communities continue to grow empirical research is needed on their specific impact on governmental policies and reform

Recent Developments in Internet Activism and Political Participation is an essential reference source that explores the modern role that digital media plays within community engagement and political development This book discusses real world case studies in various regions of the world on how the internet is affecting government agendas and promoting the voice of the community Featuring research on topics such as digital ecosystems information technology and foreign policy this book is ideally designed for researchers strategists government officials policymakers sociologists administrators scholars educators and students seeking coverage on the societal impact of social media in modern global politics The Palgrave International Handbook of Marxism and Education Richard Hall,Inny Accioly,Krystian Szadkowski,2023-11-07 The Palgrave International Handbook of Marxism and Education is an international and interdisciplinary volume which provides a thorough and precise engagement with emergent developments in Marxist theory in both the global South and North Drawing on the work of authoritative scholars and practitioners the handbook explicitly shows how these developments enable a rich historical and material understanding of the full range of education sectors and contexts The handbook proceeds in a spirit of openness and dialogue within and between various conceptions and traditions of Marxism and brings those conceptions into dialogue with their critics and other anti capitalist traditions As such it contributes to the development of Marxist analyses that push beyond established limits by engaging with fresh perspectives and views that disrupt established perspectives **Library of Congress Subject Headings** Library of Congress. Cataloging Policy and Support Office,2002 *Six Steps to Better Activism* Chester Davis, PhD,2013-12-02 Six Steps to Better Activism describes a process that social entrepreneurs and executives in nonprofits can use to make their organization more effective and efficient Readers will learn how to 1 Look for great ideas 2 Brainstorm efficiently 3 Evaluate ideas 4 Adapt and improve ideas 5 Design better policies and programs

Encounter Stephen Spender,Irving Kristol,1958 *The Oxford Handbook of Political Participation* Marco Giugni,Maria Grasso,2022-06-16 The Oxford Handbook of Political Participation provides the first comprehensive up to date treatment of political participation in all its varied forms investigates a wide range of topics in the field from both a theoretical and methodological perspective and covers the most recent developments in the area It brings together research traditions from political science and sociology bridging the gap in particular between political sociology and social movement studies contributions also draw on crucial work in psychology economics anthropology and geography Following a detailed introduction from the editors the volume is divided into nine parts that explore political participation across disciplines core theoretical perspectives methodological approaches modes of participation contexts determinants processes outcomes and current trends and future directions The book will be a valuable reference work for anyone interested in understanding political participation and related themes *Political Activism across the Life Course* Sevasti-Melissa Nolas,Christos Varvantakis,Vinnarasan Aruldoss,2019-12-18 How do people of different ages experience and engage with politics in their

everyday lives and how do these experiences and engagements change over their life course and across different generations Age life course and generation have become increasingly important experiences for understanding political participation and political outcomes and current policies of austerity across the world are affecting people of all ages This book contributes towards an interdisciplinary understanding of the temporalities of everyday political encounters At a time when social science is struggling to understand the rapid and unexpected changes to contemporary political landscapes the contributors to this book present examples of activism and politics across everyday experiences of homes communities online platforms local environment playgrounds and educational spaces The research takes ethnographic biographical and action research approaches and the studies described feature interlocutors as young as four and as old as ninety two who reside in European North and South America and South Asia This is an eclectic text that brings together a number of themes and ideas not typically associated with political activism and is intended for students and academic researchers across the humanities social and political sciences interested in the temporalities of everyday political participation This book was originally published as a special issue of Contemporary Social Science
