Air Mail From bestselling and Pulitzer Prize winning author Steve Coll the definitive story of the decades long relationship between the United States and Saddam Hussein and a news breaking investigation into one of the costliest geopolitical conflicts of our time When the United States invaded Iraq in 2003 its message was clear Iraq under the control of strongman Saddam Hussein possessed weapons of mass destruction that if left unchecked posed grave danger to the world But when no WMDs were found the United States and its allies were forced to examine the political and intelligence failures that had led to the invasion and the occupation and the civil war that followed One integral question has remained unsolved Why had Saddam seemingly sacrificed his long reign in power by giving the false impression that he had hidden stocks of dangerous weapons The Achilles Trap masterfully untangles the people ploys of power and geopolitics that led to America s disastrous war with Iraq and for the first time details America s fundamental miscalculations during its decades long relationship with Saddam Hussein Calling on unpublished and underreported sources interviews with surviving participants and Saddam s own transcripts and audio files Steve Coll pulls together an incredibly comprehensive portrait of a man who was convinced the world was out to get him and acted accordingly A work of great historical significance The Achilles Trap exposes how corruptions of power lies of diplomacy and vanity on both sides led to avoidable errors of statecraft ones that would enact immeasurable human suffering and forever change the political landscape as we know it
