Key Concept 5.1: The United States became more connected with the world, pursued an expansionist foreign policy in the Western Hemisphere, and emerged as the destination for many migrants from other countries.

Key Concept 5.2: Intensified by expansion and deepening regional divisions, debates over slavery and other economic, cultural, and political issues led the nation into civil war.

Key Concept 5.3: The Union victory in the Civil War and the continued reconstruction of the South settled the issues of slavery and secession, but left unresolved many questions about the power of the federal government and citizenship rights.

Section 1 Guided Reading, pp 247-260

1. Intense: The Union in Peril, 1848-1861 page 247

Key Concepts & Main Ideas	Notes
Intensified by expansion and deepening regional divisions, debates over slavery and other economic, cultural, and political issues led the nation into civil war.	Read the Abraham Lincoln quote and first paragraph of the chapter on page 247. List and explain the four main reasons historians agree on that propelled the nation into civil war. 1) Growing sectionalism, with some even being more extreme to a side. Additionally a lot of controversial political events happened. 2) Increased number of arguments on the difference between state and federal Union rights. 3) The North heavily attempted to abolish slavery, while slavery continued to prosper in the South as it was the backbone to it. 4) The South was focused on agriculture and argued against tariffs. While the North was focused on infrastructure and advancements as it would reduce advancements, the increased transportation methods and infrastructure. Which cause do you view as the most significant? I personally view the growing issue of slavery as being the most significant as it demonstrated the different economies the sides had as well as demonstrate how the South was not able to give up their slaves as they made up their economy.

2. Conflict Over Status of Territories pp 247-248

REMEMBER... As you read the chapter, jot down your notes in the middle column. Consider your notes to be disbursements on the Objectives and Main Ideas presented in the left column and in the subtitles of the text. **INCLUDE IN YOUR NOTES ALL SIGNIFICANT VOCABULARY AND PEOPLE.** After read and take notes, thoughtfully analyze what you read by answering the questions in the right column.
