Mind the Gap 2 Geoffrey W. Sutton,2022-04-18 This second edition of Mind the Gap Between British American Language Culture contains chapters on British culture and an expanded A to Z reference list of hundreds of words and expressions that you will hear when visiting the UK watching British movies and television programs or reading British literature In this book I ve included a variety of words and phrases that will help Americans who love Britain enjoy it even more Even if you have never visited the UK I hope you enjoy British films TV and books more than ever after discovering a bit of British culture and humor hidden in odd words and phrases If you are seeking a more dictionary type of book you ll find that too I ve included such practical words and

phrases covering foods clothes travel and even the size of British paper you will need for your printer So you ll be equipped to purchase aubergines order a gammon steak or a bap understand an old reference to a blower locate an Aga and what to offer when asked if you have a biro You won t want to see an identity parade and you ll know what a Londoner means by innit And importantly I hope you will avoid repeating some highly insulting phrases when someone is out of their tree

Standard Catalog of American Cars, 1946-1975 John Gunnell,1982 What's a Country Boy Like Me Doing in a Place Like This? Eugene E. "Duke" Ellington,2009-02

Quotes from Country Boy Chapter 1 There are no insignificant events in our lives it s just that we can t often perceive the significance It s difficult to detect the pattern when you are just one thread in the tapestry Chapter 2 I think children today have too much social pressure on them and too many organized activities If every kid could occasionally lie on pine needles and watch the clouds go by there might be less need for psychiatrists and drugs Chapter 3 I will never forget the first time I entered a GI mess hall It was breakfast time and the cooks were preparing scrambled eggs from powdered eggs or something of that nature The griddle was about a half acre in area in plain view and was covered with large green bubbles I have often wondered if Dr Seuss book Green Eggs and Ham was inspired by a GI mess hall Chapter 4 One of my roommates gave me a ride as far as Stephenville I spent the night with him and his family which was something of a revelation His mother actually believed that the world was flat and that the sun revolved around the Earth Chapter 5 A few minutes earlier John F Kennedy had been a liberal tax and spend Democrat but we were Americans and he was our president and we were mad as hell and I think a little bit scared about what had happened Chapter 6 In Families Anonymous we learned about tough love and letting go We learned that we were not in control of our children s lives shouldn t try to be and shouldn t feel bad because we weren t It would be interesting to observe the results of a president who had Carter s moral values and Nixon s political acumen but perhaps the two attributes are mutually exclusive In the midst of all this madness one day I remembered something I had heard years earlier while watching Saturday morning cartoons with my son Yogi Bear said Boo Boo as you grow older you will learn that the deeper in the woods you get the more nuts you will find In the 70 s the energy industry was pretty deep in the woods Chapter 7 Everything considered I believe that I am in the top 1 percent of all the people who have ever lived I state this not as a matter of pride but as a matter of gratitude My meager contribution is described in this book It is obvious that most of my good fortune is the result of something greater than me Eugene E Duke Ellington is a 75 year old retired natural gas engineer who resides in Kerrville Texas Duke was born in Iowa in 1933 and raised in Moultrie Georgia where he graduated high school in 1950 He spent almost four years in the Air Force during the Korean War and was honorably discharged in 1954 He attended Texas College of Arts and Industries in Kingsville Texas where he graduated with a Bachelor of Science Degree in Petroleum and Natural Gas Engineering in 1958 After graduation he worked as an engineer for Conoco for 15 years then as a consultant at Purvin Gertz Inc in Dallas for almost 24 years In this book the author describes the incredible changes that have taken place

during his life The book is a rich fabric of the interwoven threads of his personal life social and economic changes race relations political events and technological advances Young people will be amazed older people will reminisce and all will laugh and cry and think
