Commentary William Logan s Malabar is popularly known as Malabar Manual It is a huge book of more than 500 000 words  
It might not be possible for a casual reader to imbibe all the minute bits of information from this book However in this  
commentary of mine I have tried to insert a lot of such bits and pieces of information by directly quoting the lines from  
Malabar On these quoted lines I have built up a lot of arguments and also added a lot of explanations and interpretations I do  
think that it is much easy to go through my Commentary than to read the whole of William Logan s book Malabar However  
the book Malabar contains much more items than what this Commentary can aspire to contain This book Malabar will give  
very detailed information on how a small group of native Englishmen built up a great nation by joining up extremely minute  
bits of barbarian and semi barbarian geopolitical areas in the South Asian Subcontinent      **The Spectator** ,1877 A weekly
