

Creative Writing Rubric

Points	Characterization	Imagery	Plot	Length	Grammar	Dialogue
1	Characters are under-developed and don't have an adequate back-ground, personality, or motivation. They don't feel like real people at all.	The writer does not try to create imagery at all. The effort is made to create a boring experience for the reader.	The writer has not tried to create a cohesive plot of any kind. There is no direction, and it is not engaging or original.	The story is less than 100 words.	There are more than 10 errors in punctuation capitalization commas apostrophe usage word choice	Dialogue is minimal and stiff. There is no real rapport, lack between characters, and overly formal speech.
2	Characterization is shaky. The characters neither are vivid, they have no consistent personality traits, and there is no sense of a personal history.	The writer's character and story imagery is shaky. The reader does not get a full concept picture of what is happening in the story.	The writer has crafted a story with a central plot that lacks one or more of the following: conflict, rising action, climax, falling action, and resolution. The plot is unoriginal, unengaging, and doesn't make much sense.	The story is 100-249 words long.	There are 10-12 errors in punctuation capitalization commas apostrophe usage word choice	Dialogue between characters feels stiff and unnatural. There is too much of one or more of the following: repetition, lack formal, or unnatural speech.
3	Some attempt was made to create a back-ground, personality, and motivation, but the characters don't feel real. The characterization is shaky.	An adequate attempt was made to describe the world of the story. The writer's character description is adequate, but doesn't give the whole role.	The writer has crafted a story with a central plot that lacks one or more of the following: conflict, rising action, climax, falling action, and resolution. The plot makes sense, but isn't very original or engaging.	The story is at least 250-249 words long.	There are 1-6 errors in punctuation capitalization commas apostrophe usage word choice	Dialogue between characters feels stiff and unnatural. There is too much of one or two of the following: repetition, lack formal, or unnatural speech.

An English Teacher's Guide to Performance Tasks & Rubrics Amy Benjamin, 2000 First Published in 2000
Routledge is an imprint of Taylor Francis an informa company *A Collection of Performance Tasks and Rubrics* Deborah Blaz, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company **Write Start: Creative Writing** Carol Perkins, 1998-01-01 Write Start helps students prepare for the writing portion of standardized tests Creative Writing Creative writing prompts ranging from holidays to relationships to world problems *The Influence of Rubrics on High School Students' Creative Writing Skills* Roberta A. Burke, 2003 Assessment Rubrics Decoded Kelvin Heng Kiat Tan, 2020-03-27 Rubrics offer concrete artefacts of what schools evaluate to be of merit and what educators and schools value to be worth rewarding Assessment Rubrics Decoded offers insights into a myriad of issues that affect and are affected by the construction of merit in students learning and the articulation of underlying educational ideologies in the assessment of student achievement Designed for both students and teachers who should have parity of involvement in developing and using rubrics this book covers the problematic issues of assessment in schools while offering readers practical solutions to navigating the ensuing tensions and dilemmas The notion that rubrics may hinder assessment transparency is also discussed with examples to warn against uncritical use of rubrics that may discipline rather than help learners The perspective of a school leader in providing assessment leadership to rubrics usage across a school is included for extending awareness of rubrics beyond classroom contexts This provides an informed approach for teachers to understand the stakes and complexities involved in judging learning and learners whilst offering concrete options and suggestions to consider This book will be a valuable resource for classroom teachers school leaders teacher educators and researchers interested in the field of assessment rubrics *Rubric Nation* Michelle Tenam-Zemach, Joseph E. Flynn, 2015-04-01 What is a rubric and how are they being used in teacher education and evaluation When did rubrics become ubiquitous in the field of education What impact do rubrics have on students teachers teacher educators and the educational enterprise This book is an edited volume of essays that critically examine the phenomenon of rubrics in teacher education evaluation and education more broadly Rubrics have seen a dramatic rise in use and presence over the past twenty five years in colleges of education and districts across the country Although there is a wealth of literature about how to make rubrics there is scant literature that explores the strengths and weaknesses of rubrics and the impact the rubric phenomenon is having in reshaping education The chapters included in this edited volume will critically reflect on the contemporary contexts of rubrics and the uses and impact of rubrics in education Since rubrics have become indelible in education it is necessary for a fuller nuanced discussion of the phenomenon Creating a book that explores these aspects of rubrics is timely and fundamental to expanding the discourse on this ubiquitous evaluation tool This book is not meant to be a series of chapters dedicated to best practices for creating rubrics nor is this text meant to present all sides of the rubric discussion Rather this text intends to offer critical polemics

about rubrics that can spur greater critical discussion about a phenomenon in education that has largely been unquestioned in the literature

Methods and Materials for Teaching the Gifted Frances A. Karnes, Suzanne M. Bean, 2021-09-23 The newly revised and updated fourth edition of *Methods and Materials for Teaching the Gifted* is an excellent introduction to gifted education and real world learning The chapters of this comprehensive textbook are written by respected leaders in the field of gifted education The authors review the unique needs of gifted learners and give current information on instructional planning and evaluation strategies for best practices and ongoing enhancement and support of gifted programs Chapters include topics such as differentiated curricular design extending learning through research writing challenging instructional units and developing leadership skills and innovative thinkers Instructional practices such as problem based learning technology literacy independent study simulation and gaming and more are addressed A special focus is given to using the Gifted Education Programming Standards and Common Core State Standards The fourth edition provides updated information on funding sources and public relations strategies for gifted education programs It also includes updated lists of books teaching materials websites and other resources for teachers of the gifted

Using Rubrics for Performance-Based Assessment Todd Stanley, 2021-10-03 Writing a rubric that can accurately evaluate student work can be tricky Rather than a single right or wrong answer rubrics leave room for interpretation and thus subjectivity How does a teacher who wants to use performance based assessment in this day and age of educational data and SMART goals find a way to reliably assess student work The solution is to write clear rubrics that allow the evaluator to objectively assess student work This book will show classroom teachers not only how to create their own objective rubrics which can be used to evaluate performance assessments but also how to develop rubrics that measure hard to assess skills such as leadership and grit and how to empower their own students to create rubrics that are tailored to their work

process design of air cooled heat exchangers air coolers - Sep 05 2022

web process data sheet air coolers shall be designed for a temperature at least 28 c above the maximum anticipated temperature the maximum anticipated operating pressure which shall include an allowance for variations in the normal operating pressure which can be expected to occur will be indicated on the air cooler specification sheet

[fin fan air cooler rev web pdf pdf scribd](#) - Oct 06 2022

web cooled heat exchanger provides a means of transferring the heat from the fluid or gas into ambient air without environmental concerns or without great ongoing cost such as water supply and treatment a fin fan is a type of heat exchanger that forces air over a set of coils to cool the process

kolmetz handbook of process equipment design - Aug 16 2023

web a fin fan is a type of heat exchanger that forces air over a set of coils to cool the process it is also referred to as an air cooled heat exchanger fin fan heat exchangers are generally used where a process system generates heat which must be removed but for which there is no local use in fin fan heat exchanger air is forced in cross flow

induced draft cooling tower and air cooled heat exchanger - Jul 15 2023

web fan the most common industrial cooling fan failure modes typically involve gearboxes or fan blades and are catastrophic

in nature in many cases this type of failure leaves the gearbox and or fan blades lying in the cooling water pond at the bottom of the tower or above a heat exchanger 1

fin fan coolers powerserv - Jan 09 2023

web air cooled heat exchangers in short air fin or fin fan coolers are used in any application where large quantities of heat need to be transferred this includes chemical and petrochemical industries power stations geothermal

fin fan cooler datasheet archives cooling tower india - Feb 27 2022

web the air cooled heat exchangers are also known as fin fan coolers fin fan cooler is nothing but traditional name of air cooled heat exchanger since fins are used in the cooler it is called as fin fan cooler please refer

overview of air cooled heat exchangers with pdf - May 13 2023

web the main function of the air cooled heat exchanger is the direct cooling of various process mediums by atmospheric air these heat exchangers are also known as air fin fan coolers or air fin coolers or air coolers or fin tube heat exchangers

web life of the cooler this is the preferred tube for operating temperatures up to 600 f the embedded fin also affords a continued predictable heat transfer and should be used for all coolers operating above 600 f and below 750 f the wrap on footed fin tube can be used below 250 f however the bond between the fin

fin fan cooler energyen - Dec 08 2022

web introduction fin fan cooler is a kind of heat exchanger that uses the air for cooling medium it is required a wide surface area for heat transfer it is applied to finned tube for increasing the heat transfer surface and compact design of construction area and the process fluid can be cooled by the natural air it is not required a coolant

hudson fin fan air cooled heat exchangers large fan - Mar 11 2023

web our large fan field erected units are available in bay sizes up to 70 feet by 54 feet and fan diameters up to 36 feet our modular design and construction expertise allows for fast and dependable field erection benefits of the large fan design include air cooled heat exchanger air heat exchanger heat exchanger

air cooled heat exchangers individual solutions kelvion - Jun 14 2023

web the air cooler bank essentially consists of finned tube bundles fan rings axial fans with suitable drive units and a supporting structure it can be equipped individually with maintenance platforms louvers and other equipment as requested by the customer
