

Historical Context:

On June 28, 1919 – seven and a half months after the horrific fighting of World War I ended on November 1918 – the Treaty of Versailles was signed by the victorious Allied nations of Great Britain, France, Italy, and the United States as well as the defeated Germany. The framers of the treaty hoped that it would stabilize Europe and ensure that another catastrophic war would never happen again. But just over two decades later, the flames of war consumed Europe again.

Task:

Was the Treaty of Versailles a good settlement to ensure the peace and help Europe recover from the war?

Directions: Analyze the documents and answer the short-answer questions that follow each document in the space provided.

Document 1

Selected points from Woodrow Wilson's Fourteen Points (Jan., 1918)

- 1) Open covenants of peace, openly arrived at, after which there shall be no private international understandings of any kind but diplomacy shall proceed always frankly and in the public view
- 3) The removal, so far possible, of all economic barriers....
- 6) The evacuation of all Russian territory and such a settlement of all questions affecting Russia as will secure the best and freest cooperation of the other nations of the world in obtaining for her an unhampered and unembarrassed opportunity for the independent determination of her own political development and national policy and assure her of a sincere welcome into the society of free nations under institutions of her own choosing; and more than a welcome, assistance also of every kind that she may need and may herself desire.

- 1) **How did President Wilson hope to support Russia?**

- 2) **Do you think Wilson's ideas would help preserve the peace and make Europe a better place?**

Document 2

National aspirations must be respected; people may now be dominated and governed only by their own consent. "Self determination" is not a mere phrase. It is an imperative principle of action, which statesmen will henceforth ignore at their peril. This war had its roots in the disregard of the rights of small nations and of nationalities which lacked the union and the force to make good their claim to determine their own allegiances and their own forms of political life. Covenants (Agreements) must now be entered into which will render such things impossible for the future; and those covenants must be backed by the united force of all nations that love justice and are willing to maintain it at any cost...

excerpt from speech by Woodrow Wilson to Congress Feb.11, 1919

- 3) **How would this idea of Wilson benefit the minority populations (Slavs, Poles, Serbs, etc.) existing within European countries?**
