Foster, 1925 *Prison Worlds* Didier Fassin, 2017-05-23 The prison is a recent invention hardly more than two centuries old yet it has become the universal system of punishment How can we understand the place that the correctional system occupies in contemporary societies What are the experiences of those who are incarcerated as well as those who work there To answer these questions Didier Fassin conducted a four year long study in a French short stay prison following inmates from their trial to their release He shows how the widespread use of imprisonment has reinforced social and racial inequalities and how advances in civil rights clash with the rationales and practices used to maintain security and order He also analyzes the concerns and compromises of the correctional staff the hardships and resistance of the inmates and the ways in which life on the inside intersects with life on the outside In the end the carceral condition appears to be irreducible to other forms of penalty both because of the chain of privations it entails and because of the experience of meaninglessness it comprises Examined through ethnographic lenses prison worlds are thus both a reflection of society and its mirror At a time when many countries have begun to realize the impasse of mass incarceration and question the consequences of the punitive turn this book will provide empirical and theoretical tools to reflect on the meaning of punishment in contemporary societies **Autocar**, 1999 **The Stoner's Guide to the Ports and Harbours of the Northern Mediterranean** Robert Pearce, 2025-04-25 So what s this book about then Well apart from ports and harbours it s a wild ride through the X rated reality of life in the superyacht industry Think of it as Below Deck but without the censors For nearly two decades I was immersed in this world I sailed them raced them cleaned them lived on them partied on them and even built them It was a lifestyle of excess luxury debauchery and everything in between At one point my breakfast of champions was a cannabis joint a rum and coke and a line of cocaine But here s the thing about life at the top what goes up must come down And when I came down it wasn t just a stumble it was a resounding thump This is the unvarnished truth of it all and you re about to hear every outrageous gritty and utterly unbelievable detail **Technical Proceedings of the 2007 Cleantech Conference and Trade Show** NanoScience & Technology Inst, 2019-08-22 The Cleantech conference which runs parallel with NSTI s Nanotech is designed to promote advancements in traditional
