**God, Evil and the Limits of Theology** Karen Kilby,2020-09-03 Karen Kilby explores the doctrine of the Trinity and issues of evil suffering and sin She offers a critique of the lack of respect for mystery found in the most popular Trinitarian thinking of our time Kilby gives an apophatic reading of Aquinas on the Trinity and offers a distinct next step in the sequence on the Trinity the appeal of social doctrines of the Trinity lies principally in their ecclesial and political relevance She engages with Miroslav Volf s famous The Trinity is our social program essay and addresses the question of what an alternative politics of an apophatic theology of the Trinity might look like The essays explore the question of theodicy and argue that evil poses a question to Christians and Christian s theology which can neither be answered nor dismissed Kilby argues that Christians must live with this mystery this lack of resolution rather than trying to diminish the gravity of evil or allowing evil to dictate their conception of God s goodness or power By offering a critical reading of Hans Urs von Balthasar and Julian of Norwich she explores the question of whether Christianity can avoid giving a positive valuation to suffering and concludes the two represent two different strands within the Christian tradition in relation to thought on suffering
