This Quick Start Guide and the Product Information Booklet are located on our website at www.plantronics.com/documentation/. Choose your language preference and Plantronics model number.

1 Set Up the Base

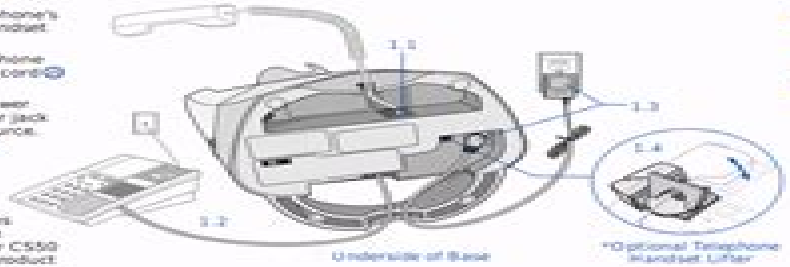
1.1 Connect your telephone's handset cord to the handset jack.

1.2 Connect your telephone with the supplied short cord to the telephone base jack.

1.3 Connect the supplied AC power adapter to the AC power adapter jack and the plug into your power source.

The red power indicator light should go on.

1.4 *Optional: Install the optional handset lifter after you have completed Step 5. Use the handset lifter instructions to install it. More information on using the handset lifter with your CS50 system is located in the online Product Information Booklet.

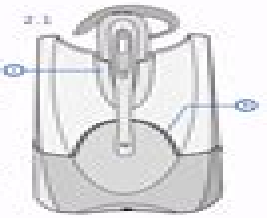


2 Charge the Headset

2.1 Dock the headset into the charge cradle. The amber charge indicator will flash during charge.

If charge indicator does not go on, reposition headset in the cradle.

2.2 The charge indicator will go steady after headset is fully charged and ready for use (approximately 3 hours).



3 Set Up the Headset

For over-the-head use

3.1 Determine right or left ear wearing position and snap the headset speaker capsule into the t-pad headset retainer ring.

3.2 While wearing the headset, adjust the microphone tip towards the corner of your mouth by rotating the speaker capsule within the t-pad retainer ring.

You may need to support the headband in position while doing this, or just take off headset and adjust, as the fit is snug.

OR

For over-the-ear use

3.3 Choose the earloop size (small, medium, or large) that should best fit your ear. (You may need to experiment to find the best comfort).

3.4 Determine right or left ear wearing position and snap the headset speaker capsule into the earloop ring accordingly.

3.5 While wearing the headset, adjust the microphone tip towards the corner of your mouth by rotating the speaker capsule within the earloop retainer ring.

You may need to support the earloop in position while doing this, or just take off headset and adjust, as the fit is snug.

4 Setup and Test Your System

4.1 Begin with your "charged" headset mounted in the configuration of your choice.

4.2 Remove the telephone handset from its base, taking it "off-hook".

4.3 Press the talk button on the headset.

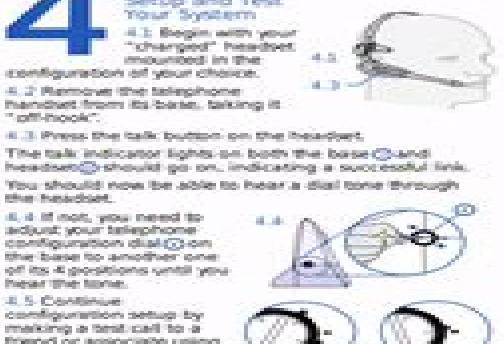
The talk indicator lights on both the base and headset should go on, indicating a successful link.

You should now be able to hear a dial tone through the headset.

4.4 If not, you need to adjust your telephone configuration dial on the base to another one of its 4 positions until you hear the tone.

4.5 Continue configuration setup by making a test call to a friend or associate using the key pad on your telephone.

4.6 If they cannot hear you at all try changing your telephone configuration dial on the base to another one of its 4 positions until you hear them and they hear you. Volume adjustments can be made separately as described in the next step.



5 Make Volume and Final Adjustments

5.1 Adjust your listening volume with the listen volume control dial located towards the back of the headset capsule. Rock the dial up or down for volume changes.

5.2 For "longer step" adjustments to your listening volume, change the position setting on the listen volume master switch located on the back of the base.

5.3 Push in the mute control to activate mute, push in again to de-activate mute. (You will hear a slight beep in the speaker when mute is activated.)

5.4 Adjust your speak volume (how others hear you) with the speak volume fine tune buttons on the back side of the base.

5.5 For "longer step" adjustments to your speak volume, change the position setting on the talk volume master switch located on the bottom of the base.

5.6 You can now activate your IntelliStand feature if you have installed the optional handset lifter. When enabled, this feature provides automatic Lifter activation by simply removing and replacing your headset in the base until the need to press the talk button on the headset.

To enable, slide the IntelliStand switch located on the side of the base to the on position (down) or disable by sliding to the off position (up).
