**Perspectives on Plagiarism and Intellectual Property in a Postmodern World** Lise Buranen, Alice M. Roy, 1999-04-23 This book offers a wealth of thinking about the complex and often contradictory definitions surrounding the concepts of plagiarism and intellectual property The authors show that plagiarism is not nearly as simple and clear cut a phenomenon as we may think Contributors offer many definitions and facets of plagiarism and intellectual property demonstrating that if defining a supposedly simple concept is difficult then applying multiple definitions is even harder creating practical problems in many realms This volume exposes the range and breadth of these overlapping and complex issues reflecting a postmodern sensibility of fragmentation and clarifies some of the confusion not by reducing plagiarism to ever simpler definitions and providing new or better rules to apply but by complicating the issue examining what plagiarism and intellectual property are and are not in our more or less postmodern world This book offers and explains various definitions of plagiarism Issues covered include copyright law and plagiarism imitation and originality in classical rhetoric sociohistorical perspectives and late nineteenth and early twentieth century notions of authorship in student publications and textbooks The authors also offer different applications of these plagiarism definitions in specific arenas including university writing centers administrative settings peer writing groups textbook publishing and the wider marketplace

**Plagiarism** Bill Marsh, 2012-02-01 Plagiarism takes an in depth look at the history of plagiarism in higher education in light of today's Web based plagiarism detection services Challenging the widespread assumption that plagiarism is a simple matter of student cheating or scriptural error Bill Marsh argues that today's teachers and educational institutions may be cheating themselves and their students in pursuing quick fix solutions to the so called epidemic of student plagiarism When students submit papers cribbed from materials found on the Web or purchase research papers from Internet paper mills these acts of sedition must also be recognized for better or worse as examples of new media composition techniques Examining Web based plagiarism detection services and software such as Glatt EVE Plagiarism Finder and Turnitin com Marsh contends that these services regulate writing and reading practices in ways consistent with precomputer even preindustrial efforts to manage and refine human behavior As he weaves together print history education rhetoric and communication theory Marsh shows that the rules governing plagiarism and the proper use of borrowed materials have their origins in early intellectual property law in the reading practices of twelfth century monks and the precepts of medieval alchemy Through an examination of these prescholastic models this book calls for a revised approach to academic writing in computer mediated environments
