Failure to Disrupt Justin Reich, 2020-09-15 A Science Reading List for Uncertain Times Selection A must read for anyone with even a passing interest in the present and future of higher education Tressie McMillan Cottom author of Lower Ed A must read for the education invested as well as the education interested Forbes Proponents of massive online learning have promised that technology will radically accelerate learning and democratize education Much publicized experiments often underwritten by Silicon Valley entrepreneurs have been launched at elite universities and elementary schools in the poorest neighborhoods But a decade after the year of the MOOC the promise of disruption seems premature In Failure to Disrupt Justin Reich takes us on a tour of MOOCs autograders intelligent tutors and other edtech platforms and delivers a sobering report card Institutions and investors favor programs that scale up quickly at the expense of true innovation Learning technologies even those that are free do little to combat the growing inequality in education Technology is a phenomenal tool in the right hands but no killer app will shortcut the hard road of institutional change I m not sure if Reich is as famous outside of learning science and online education circles as he is inside He should be Reading and talking about Failure to Disrupt should be a prerequisite for any big institutional learning technology initiatives coming out of COVID 19 Inside Higher Ed The desire to educate students well using online tools and platforms is more pressing than ever But as Justin Reich illustrates many recent technologies that were expected to radically change schooling have instead been used in ways that perpetuate existing

systems and their attendant inequalities Science
