problem most of us zero in take it apart and focus until we have it solved David Niven shows us that focusing on the problem is exactly the wrong way to find an answer Putting problems at the center of our thoughts shuts down our creative abilities depletes stamina and feeds insecurities It s Not About the Shark shows us how to transform our daily lives our work lives and our family lives with a simple but rock solid principle If you start by thinking about your problems you ll never make it to a solution If you start by thinking about a solution you ll never worry about your problems again Through real life examples and psychology research Niven shows us why Focusing on the problem first makes us 17 times less likely to find an answer Being afraid of a problem is natural we re biologically primed to be afraid Finding a problem creates power which keeps you from finding a solution Working harder actually hides answers Absolute confidence makes you less likely to find the answer Looking away from a problem helps to see a solution Listening only to yourself is one of the best ways to find an answer Combining hard facts good sense and a strong dose of encouragement Niven provides fresh and positive ways to think about problem solving Cumulated Index Medicus ,2000 *Social and Interpersonal Dynamics in Pain* Tine Vervoort,Kai

Karos,Zina Trost,Kenneth M. Prkachin,2018-07-18 This groundbreaking analysis moves our knowledge of pain and its effects from the biomedical model to one accounting for its complex psychosocial dimensions Starting with its facial and physical display pain is shown in its manifold social contexts in the lifespan in a family unit expressed by a member of a gender and or race and as observed by others These observations by caregivers and family are shown as vital to the social dynamic of pain as observers react to sufferers pain and as these reactions affect those suffering The book s findings should enhance practitioners understanding of pain to develop more effective individualized treatments for clients pain experience and inspire researchers as well Among the topics covered Why do we care Evolutionary mechanisms in the social dimension of pain When how and why do we express pain On the overlap between physical and social pain Facing others in pain why context matters Caregiving impact upon sufferers cognitive functioning Targeting individual and interpersonal processes in therapeutic interventions for chronic pain *Social and Interpersonal Dynamics in Pain* will be a valuable resource for clinicians who deal in pain practice and management as well as for students and researchers interested in the social interpersonal and emotional variables that contribute to pain the processes with which pain is associated and the psychology of pain in general
