Pari De Civilisation:

Islam and the Challenge of Civilization Abdelwahab Meddeb, 2021-05-20 The award winning author of *The Malady of Islam* makes an urgent case for an Islamic reformation in this bold and fresh study Publishers Weekly Western Europe is now home to millions of Muslims where Christianity and Judaism have come to coexist with secular humanism and positivist law In *Islam and the Challenge of Civilization* Meddeb advocates a new approach to Islam in tune with today's diverse society Rather than calling for moderate Islam which Meddeb views as thinly disguised Whabism he calls for an Islam inspired by the great Sufi thinkers whose practice of religion was not bound by doctrine With a return to long standing doctrinal questions Meddeb calls upon Muslims to distinguish between Islam's spiritual message and the temporal material and historically grounded origins of its founding scriptures He contrasts periods of Islamic history when Muslim philosophers engaged in lively dialogue with other faiths and civilizations with modern Islam's collective amnesia of this past In this erudite and impassioned study Meddeb demonstrates that Muslims cannot join the concert of nations unless they set aside outmoded notions such as jihad Ultimately he argues feuding among the monotheisms must give way to the more important issue of citizenship in today's global setting
