novels traced women's lives and illuminated an era characterized both by drastic cultural changes and by the persistence of old expectations, conventions and biases. The New Yorker Nobody writes better about falling in love than Alice Adams. A New York Times critic said of the prolific writer: Born in 1926, Alice Adams grew up in Chapel Hill, North Carolina, during the Great Depression and came of age during World War II. After college at Radcliffe and a year in Paris, she moved to San Francisco. Always a rebel in good girl's clothing, Adams used her education, sexual and emotional curiosity, and uncompromising artistic ambition to break the strictures that bound women in midcentury America. Divorced with a child to raise, she worked at secretarial jobs for two decades before she could earn a living as a writer. One of only four winners of the O. Henry Special Award for Continuing Achievement, Adams wove her life into her fiction and used her writing to understand the changing tides of the 20th century. Her work portrays vibrant characters, both young and old, who live on the edge of their emotions, absorbed by love affairs yet always determined to be independent and to fulfill their personal destinies. Carol Sklenicka interweaves Adams's deeply felt, elegantly fierce life with a cascade of events: the civil rights and women's rights movements, the sixties counterculture, and sexual freedom. Her biography's revealing analyses of Adams's stories and novels, from *Careless Love* to *Superior Women* to *The Last Lovely City*, and her extensive interviews with Adams's family and friends, among them Mary Gaitskill, Diane Johnson, Anne Lamott, and Alison Lurie, give us the definitive story of a writer often dubbed America's Colette. **Alice Adams: Portrait of a Writer** captures not just a beloved woman's life in full but a crucial span of American history.

**Hemingway's Paris** Robert Wheeler, 2015-04-07 Walk through the Streets of Paris with Ernest Hemingway. In gorgeous black and white images, Hemingway's Paris depicts a story of remarkable passion for a city, a woman, and a time. No other city in any of his travels was as significant professionally or emotionally as was Paris. And it remains there, all of the complexity, beauty, and intrigue that Hemingway described in the pages of so much of his work. It is all still there for the reader and traveler to experience: the history, the streets, and the city. Restaurants, hotels, homes, sites, and favorite bars are all detailed here. The ninety-five black and white photographs in Hemingway's Paris are of the highest caliber. The accompanying text reveals Wheeler's deep understanding of the man, his torment, talent, obstacles, and the places of refuge needed to nurture one of the preeminent writers of the twentieth century. Moved by the humanistic writing of the man, a writer capable of transcending his readers to foreign settings and into the hearts and minds of his protagonists, Wheeler was inspired to travel throughout France, Italy, Spain, Africa, and Cuba, where he has sought to gain insight into the motivation behind Hemingway's books and short stories. As a teacher, lecturer, and photojournalist, he set out to capture and interpret the Paris that Ernest Hemingway experienced in the first part of the century. Through his journal and photographs, Wheeler portrays the intimate connection Hemingway had with the woman he never stopped loving, Hadley, and with the city he loved most, Paris.

as first and true love at a young age Circumstances deterred the couple from each other and from developing their romance Drawing from true stories of couples who shared first love lost and found the author wishes to bring to life the thoughts of a couple who represent any of us in whose heart lives our first love What's France got to do with it? Juliana de Nooy, 2020-07-30 While only one book length memoir recounting the sojourn of an Australian in France was published in the 1990s well over 40 have been published since 2000 overwhelmingly written by women Although we might expect a focus on travel intercultural adjustment and communication in these texts this is the case only in a minority of accounts More frequently France serves as a backdrop to a project of self renovation in which transplantation to another country is incidental hence the question What s France got to do with it The book delves into what France represents in the various narratives its role in the self transformation and the reasons for the seemingly insatiable demand among readers and publishers for these stories It asks why these memoirs have gained such traction among Australian women at the dawn of the twenty first century and what is at stake in the fascination with France
