Paranormal Desires A Ghostly Collection:

Betty's Ghost: A Guide to Paranormal Investigation Brian Parsons, 2008-08-31 Betty's Ghost is an over the shoulder view of how I approach a paranormal case from initial e mail through the onsite investigation It's a walkthrough scenario of a fictional paranormal investigation created from actual cases I have investigated in the past Originally created as a training tool Betty's Ghost will guide you through how I approach each aspect of the investigation process from beginning to end Betty's Ghost A Guide to Paranormal Investigation is a companion to my first book Handbook for the Amateur Paranormal Investigator or Ghost Hunter which takes a closer look at the investigation aspect of paranormal investigation This follow up book also provides additional resources to compliment those offered in the Handbook **Queering Kansas City Jazz**

Amber R. Clifford-Napoleone, 2018-11 The Jazz Age a phenomenon that shaped American leisure culture in the early twentieth century coincided with the growth of Kansas City Missouri from frontier town to metropolitan city Though Kansas City's music culture and stars are well covered Queering Kansas City Jazz supplements the grand narrative of jazz history by including queer identities in the city's history while framing the jazz scene experience in terms of identity and space Cabarets gender impressionism clubs and sites of sex tourism in Kansas City served as world making spaces for those whose performance of identity transgressed hegemonic notions of gender sexuality race and class Amber R Clifford Napoleone takes an interdisciplinary approach to provide a critical deconstruction of how the jazz scene offered a space for nonnormative gender practice and performance and acted as a site of contested identity and spatial territory Few books examine the changing ideas about gender in the turn of the century Great Plains under the false assumption that people in middle American places experienced cultural shifts only as an aftershock of events on the coasts This approach overlooks the region's contested territories identities and memories and fails to adequately explain the social and cultural disruptions experienced on the plains Clifford Napoleone rectifies this oversight and shows how Kansas City represents the complexity of the jazz scene in America as a microcosm of all the other people who made the culture clubs music and cabarets of the age possible
