- Research Questions
- Significance of the Study
- Definition of Terms
- Thesis Organisation

## **Chapter 2: Literature Review**

- What are the key research challenges in this field
- What has been done so far (projects, research, studies)?
- Research gap & summary

## **Chapter 3: Methodology**

- Method - your research framework
- Data Collection - how your data collection addresses the research questions
- Show your Data Analysis process
- Discuss ethical considerations

## **Chapter 4: Findings**

- Present your findings in logical order, with tables & figures and use headings to help readers
- Conclude with a summary of the findings

## **Chapter 5: Discussion**

- Discuss each of your major findings.
- Summarise each one briefly
- Show how they compare to other past research, and why each is important.
- Offer recommendations that researchers/other key stakeholders in your area should DO as a result of your study

## **Chapter 6: Conclusion**

- Brief thesis summary
- Your conclusions about what the data means - the most important insights revealed by your data

**The Contemporary Guitar**

John Schneider,2015-08-20 *The Contemporary Guitar* traces the extraordinary rise of the instrument in concert music over the past century Though recognized worldwide as a popular music icon the all to recent time when the guitar was looked down upon as a second class citizen in the world of serious music is finally past and it can now be found in the scores of the most important composers The guitar s rightful place in chamber music orchestral music or as a solo instrument is now without question whether in the classic acoustic form or the more recent electric version While the guitar has stood in the vanguard of musical experimentation its many new techniques and notations remain a mystery for many composers and players In *The Contemporary Guitar* musician and scholar John Schneider explains each class of technique and illustrates them with examples Moreover because the guitar is easily refretted it has also become a leading instrument in the exploration of the relatively new musical language of microtonality In this revised and enlarged edition from the original work of three decades ago Schneider adds a broad ranging entirely new chapter on the instruments notation and repertoire with insights into the interpretation of historical works through the application of accurate contemporary tunings and temperaments The guitar s unique timbre its tone color is one of the most versatile among modern instruments both acoustic and electric Most players who intuitively explore the subtleties of tone color will find outlined in *The Contemporary Guitar* the specific principles of physics that determine these subtleties which once mastered permit guitarists to control more completely the expressive palette of their instrument Designated the Rational Method of Tone Production by its author Schneider defines in great detail the timbral characteristics of acoustic and electric instruments from theoretical physical and musical viewpoints Players in search of new repertoire will find an historical survey of the literature an exhaustive list of new music and a multitude of techniques for bringing such music to life *The Contemporary Guitar* provides audio examples online for those seeking to discover new sounds and includes the notation to perform them     **The Cambridge Companion to Ballet** Marion Kant,2007-06-07 A collection of essays by international writers on the evolution of ballet     *Anton Diabelli's Guitar Works* Jukka Savijoki,2004     **The Guitar in Georgian England** Christopher Page,2020-10-02 A fascinating social history of the guitar reasserting its long forgotten importance in Romantic England This book is the first to explore the popularity and novelty of the guitar in Georgian England noting its impact on the social cultural and musical history of the period The instrument possessed an imagery as rich as its uses were varied it emerged as a potent symbol of Romanticism and was incorporated into poetry portraiture and drama In addition British and Irish soldiers returning from war in Spain and Portugal brought with them knowledge of the Spanish guitar and its connotations of stylish masculinity Christopher Page presents entirely new scholarship in order to place the guitar within a multifaceted context drawing from recently digitized original source material *The Guitar in Georgian England* champions an instrument whose importance in the eighteenth and nineteenth centuries is often overlooked     **Agricultural Research for Sustainable Food Systems in Sri Lanka** Buddhi Marambe,Jeevika Weerahewa,Warshi S. Dandeniya,2020-03-30 A food system comprises the entire range of

actors and interlinked activities related to food production processing distribution marketing and trade preparation consumption and disposal When a food system operates without compromising the needs of future generations it is considered to be a Sustainable Food System The present day food systems in Sri Lanka are diverse and the natural and physical environment infrastructure institutions society and culture and policies and regulations within which the food systems operate as well as the technologies employed have shaped their outcomes Agricultural research is a key factor in terms of innovation and technological advances Innovation has been the main driver of food systems transformation over the past few decades and will be critical to addressing the needs of a rapidly growing population in a context of climate change and scarcity of natural resources In addition agricultural research must help meet the rising demand for food at affordable prices Comprising 17 chapters written by specialist s in their respective subject areas this Contributed Volume on Agricultural Research for Sustainable Food Systems in Sri Lanka A Historical Perspective shares the scientific knowledge accumulated by the National Agricultural Research System of Sri Lanka including universities and offers recommendations on how to make food systems more sustainable in order to address the current needs of Sri Lankan society It presents perspectives on four key thematic areas namely i Crop and animal production management and improvement ii Agro product processing technologies iii Natural resource management and iv Socio economic development and agri business management
