Dehumidifiers *Commerce Business Daily* ,2001-12-03 *Rare Earth Elements* Volker Zepf,2013-02-14 This thesis deals
with Rare Earth Elements REE especially with neodymium used in permanent magnets from a very scientific basis by
providing basic research data Despite the fact that REE are newsworthy and very important elements for a considerable
bandwidth of today's technologies accompanied by the monopolistic supply situation and Chinese politics there are
inexplicable data discrepancies about REE which have been recognized frequently but usually have not been addressed
accordingly So this analysis started with the hypothesis that the four application areas namely computer hard disk drives
HDD mobile phones wind turbines and e mobility automotive traction account for about 80% of the global annual neodymium
demand The research methodology was a laboratory analysis of the composition of used magnets for HDDs and mobile
phones and a literature and official report analysis of wind turbine and automotive neodymium use The result was amazing
and the hypothesis had to be withdrawn as these four areas only account for about 20% of neodymium use This result raises
some questions concerning actual use and thus potential recycling options **Popular Science** ,1987-05 Popular Science
