Wayne,2014-12-09 A comprehensive encyclopedia tracing the history of the women s rights movement in the United States from the American Revolution to the present day Few realize that the origin of the discussion on women s rights emerged out of the anti slavery movement of the 19th century and that suffragists were active in the peace and labor movements long after the right to vote was granted Thus began the confluence of activism in our country where the rights of women both followed and led the social and political discourse in America Through 4 volumes and more than 800 entries editor Tiffany K Wayne with advising editor Lois Banner examine the issues people and events of women s activism from the early period of American history to the present time This comprehensive reference not only traces the historical evolution of the movement but also covers current issues affecting women such as reproductive freedom political participation pay equity violence against women and gay civil rights Chaplains to the Imprisoned Richard D Shaw,2014-01-14 Chaplains to the Imprisoned begins to fill the information gap through its in depth study of prison chaplains as seen by co workers inmates and the chaplains themselves They describe their roles share difficulties which are encountered in their ministry and personal methods for coping with these difficulties especially those which may be internalized as stress The author a Roman Catholic priest with a doctorate in criminal justice provides a fascinating look into the work of chaplains who serve in correctional institutions This new book sheds a much needed light on the often hidden yet significant role played by chaplains within correctional facilities Little is known of these chaplains and the work that they do Though they are frequently depicted in television and film many of these images are stereotypes from writers imaginations In this unique book chaplains speak for themselves through the results of a survey questionnaire sent by the author to local and state level chaplains in New York State and to chaplains throughout the federal prison system Chaplains to the Imprisoned the first non denominational book on these clergy explores the history of chaplaincy in this country including the irony that chaplains have often been treated as unwanted intruders in penitentiaries which were created originally by religious groups chaplains as seen by other professionals in the field sometimes positive often negative opinions of chaplains drawn from literature written by wardens corrections officers and others who deal with chaplains on a routine basis chaplains as seen by inmates published opinions by inmates who have recorded their impressions of facility chaplains chaplains as seen by chaplains their own descriptions of their work frustrations successes and failures along with suggestions for the betterment of the role of chaplains This book is an eye opening look into the world of prison chaplaincy for students of criminal justice and religion policymakers for prisons and jails seminary students and clergy members themselves as well as individuals interested in what often goes on behind prison walls from a chaplain s perspective **Virtual Afterlives** Assistant Professor in Religion Candi K Cann,Candi K. Cann,2014-06-26 For millennia the

rituals of death and remembrance have been fixed by time and location but in the twenty first century grieving has become a virtual phenomenon Today the dead live on through social media profiles memorial websites and saved voicemails that can be accessed at any time Virtual Afterlives Grieving the Dead in the Twenty First Century investigates popular and emerging bereavement traditions Understanding Migrant Decisions Belachew Gebrewold,Tendayi Bloom,2016-06-10 Examining how changing conditions in the Mediterranean Region have affected the decisions of those considering migrating from Sub Saharan Africa to or through the Region this book represents an important and overdue contribution to international policy making and academic discourse In current discussions relating to this migration phenomenon the complexity of individual decision making is often left unacknowledged so that subsequent policy responses draw upon simplified models In this volume individual decision making takes central stage by bringing together chapters that demonstrate very different types of decision making frameworks In this project it is highlighted that people move for a variety of reasons such as being affected by conflict and insecurity by economic pressures and by desire for other forms of enrichment Throughout the book s contributors find that events in the Mediterranean cannot be considered alone in understanding migration decision making from Sub Saharan Africa but as part of an increasingly complicated global system not encompassed by one simplified theory or by looking at one regional context in isolation Knowing why individual people are moving and how they decide upon which routes to take can help to ensure policy that promotes safer travel options or makes genuine alternatives to migration available *Immigration Detention in the European Union* Izabella Majcher,Michael Flynn,Mariette Grange,2020-03-04 This book offers a unique comparative assessment of the evolution of immigration detention systems in European Union member states since the onset of the refugee crisis By applying an analytical framework premised on international human rights law in assessing domestic detention regimes the book reveals the extent to which EU legislation has led to the adoption of laws and practices that may disregard fundamental rights and standards While emphasizing policies and laws adopted in response to the refugee crisis the volume also shows how these policies have evolved and in many cases grown more restrictive even as the crisis has begun to recede from the borders of many European countries To sharpen awareness of contrasting developments across the region the book s country chapters are organised into geographic sections that reveal how variations in migration pressures have in some cases resulted in contrasting detention practices even as the EU directives have sought to harmonise immigration laws A critical focus of the book are the evolving domestic norms related to grounds for detention length of detention non custodial alternatives to detention the treatment of children and conditions of detention With its systematic and comparative assessment of immigration detention regimes across the EU the book will be helpful for both academics and practitioners who seek a comprehensive guide to the evolution of one of today s more important human rights dilemmas states efforts to control global migration **Encyclopedia of American Foreign Policy** Glenn P. Hastedt,2014-05-14 Presents an A to Z reference guide that examines United States foreign policy *The Uses and Abuses*

of Weaponized Interdependence Daniel W. Drezner, Henry Farrell, Abraham L. Newman, 2021-03-02 How globalized information networks can be used for strategic advantage Until recently globalization was viewed on balance as an inherently good thing that would benefit people and societies nearly everywhere Now there is growing concern that some countries will use their position in globalized networks to gain undue influence over other societies through their dominance of information and financial networks a concept known as weaponized interdependence In exploring the conditions under which China Russia and the United States might be expected to weaponize control of information and manipulate the global economy the contributors to this volume challenge scholars and practitioners to think differently about foreign economic policy national security and statecraft for the twenty first century The book addresses such questions as What areas of the global economy are most vulnerable to unilateral control of information and financial networks How sustainable is the use of weaponized interdependence What are the possible responses from targeted actors And how sustainable is the open global economy if weaponized interdependence becomes a default tool for managing international relations
