The Saṃbandha-Samuddeśa (Chapter on Relation) and Bhartṛhari's Philosophy of Language Jan

Houben,2022-08-01 In the history of the Indian grammatical tradition Bhart hari about fifth century C E is the fourth great grammarian after P ini K ty yana and Pata jali and the first to make the philosophical aspects of language and grammar the main subject of an independent work This work the V kyapad ya VP consists of about 2000 philosophical couplets or k rik s Since the latter half of the nineteenth century the VP has been known to Western Sanskritists but its language philosophical contents have started to receive serious attention only in the last few decennia The subject matter of the VP resonates strongly with crucial themes in twentieth century Western thought although the background and the way the issues are elaborated are quite different Scholars have compared and contrasted Bhart hari s ideas with those of de Saussure Wittgenstein and Derrida A theme which as a leitmotiv pervades the entire VP is the relation between language thought and reality In several Indian traditions a proper insight into this relation was and still is held to be of importance for attaining liberation *Emptiness in the Mind-Only School of Buddhism* Jeffrey Hopkins,2003-03-15 This is a scholarly tour de force the likes of which are rarely seen in the academy Jos Ignacio Cabez n Illif School of Theology An exceptionally clear and detailed account of a central debate in Tibetan Buddhist scholastic philosophy Matthew Kapstein University of Chicago This is without question the finest and most complete discussion of the renowned Mind Only school and its Tibetan context Anne C Klein author of Knowledge Liberation Path to the Middle An important new contribution to our understanding of the development of Buddhist philosophical thought in Tibet Matthew T Kapstein author of The Tibetan Assimilation of Buddhism Conversion Contestation and Memory Tsong-kha-pa's Final Exposition of Wisdom Jeffrey Hopkins,2014-02-25 In fourteenth and fifteenth century Tibet there was great ferment about what makes enlightenment possible since systems of self liberation must show what factors pre exist in the mind that allow for transformation into a state of freedom from suffering This controversy about the nature of mind which persists to the present day raises many questions This book first presents the final exposition of special insight by Tsong kha pa the founder of the Ge luk pa order of Tibetan Buddhism in his medium length Exposition of the Stages of the Path as well as the sections on the object of negation and on the two truths in his Illumination of the Thought Extensive Explanation of Chandrakirti s Supplement to Nagarjuna s Treatise on the Middle It then details the views of his predecessor Dol po pa Shay rap Gyel tsen the seminal author of philosophical treatises of the Jo nang pa order as found in his Mountain Doctrine followed by an analysis of Tsong kha pa s reactions By contrasting the two systems Dol po pa s doctrine of other emptiness and Tsong kha pa s doctrine of self emptiness both views emerge more clearly contributing to a fuller picture of reality as viewed in Tibetan Buddhism Tsong kha pa s Final Exposition of Wisdom brilliantly explicates ignorance and wisdom explains the relationship between dependent arising and emptiness shows how to meditate on emptiness and explains what it means to view phenomena as like illusions **Mountain Doctrine** Dol-bo-ba

Shay-rap-gyel-tsen, 2017-08-22 Translated here for the first time into any language Mountain Doctrine is a seminal fourteenth century Tibetan text on the nature of reality The author Dol bo ba Shay rap gyel tsen was one of the most influential figures of that dynamic period of doctrinal formulation and his text is a sustained argument about the buddha nature also called the matrix of one gone thus Dol bo ba recognizes two important types of emptiness self emptiness and other emptiness and shows how other emptiness is the actual ultimate truth He justifies this controversial formulation by arguing that it was the favored system of all the early outstanding figures of the Great Vehicle The translator's introduction includes a short biography of Dol bo ba and an exposition of nine focal topics in his religious philosophy Note The hardcover edition of Mountain Doctrine includes a Detailed Outline in Tibetan that is omitted in the eBook edition **Government Gazette**, 1905

Translating India Rita Kothari, 2014-04-08 The cultural universe of urban English speaking middle class in India shows signs of growing inclusiveness as far as English is concerned This phenomenon manifests itself in increasing forms of bilingualism combination of English and one Indian language in everyday forms of speech advertisement jingles bilingual movies signboards and of course conversations It is also evident in the startling prominence of Indian Writing in English and somewhat less visibly but steadily rising activity of English translation from Indian languages Since the eighties this has led to a frenetic activity around English translation in India's academic and literary circles Kothari makes this very current phenomenon her chief concern in Translating India The study covers aspects such as the production reception and marketability of English translation Through an unusually multi disciplinary approach this study situates English translation in India amidst local and global debates on translation representation and authenticity The case of Gujarati a case study of a relatively marginalized language is a unique addition that demonstrates the micro issues involved in translation and the politics of language Rita Kothari teaches English at St Xavier's College Ahmedabad Gujarat where she runs a translation research centre on behalf of Katha She has published widely on literary sociology postcolonialism and translation issues Kothari is one of the leading translators from Gujarat Her first book a collaboration with Suguna Ramanathan was on English translation of Gujarati poetry Modern Gujarati Poetry A Selection Sahitya Akademi New Delhi 1998 Her English translation of the path breaking Gujarati Dalit novel Angaliyat is in press The Stepchild Oxford University Press She is currently working on an English translation of Gujarati short stories by women of Gujarat a study of the nineteenth century narratives of Gujarat and is also engaged in a project on the Sindhi identity in India Anglophone Indian Women Writers, 1870-1920

Ellen Brinks, 2016-04-15 The result of extensive archival recovery work Ellen Brinks's study fills a significant gap in our understanding of women's literary history of the South Asian subcontinent under colonialism and of Indian women's contributions and responses to developing cultural and political nationalism As Brinks shows the invisibility of Anglophone Indian women writers cannot be explained simply as a matter of colonial marginalization or as a function of dominant theoretical approaches that reduce Indian women to the status of figures or tropes The received narrative that British

imperialism in India was perpetuated with little cultural contact between the colonizers and the colonized population is complicated by writers such as Toru Dutt Krupabai Saththianadhan Pandita Ramabai Cornelia Sorabji and Sarojini Naidu All five women found large audiences for their literary works in India and in Great Britain and all five were also deeply rooted in and connected to both South Asian and Western cultures Their works created new zones of cultural contact and exchange that challenge postcolonial theory's tendencies towards abstract notions of the colonized women as passive and of English as a de facto instrument of cultural domination Brinks's close readings of these texts suggest new ways of reading a range of issues central to postcolonial studies the relationship of colonized women to the metropolitan literary culture Indian and English women's separate and joint engagements in reformist and nationalist struggles the translatability of culture the articulation strategies and complex negotiations of self identification of Anglophone Indian women writers and the significance and place of cultural difference *The Athenaeum*, 1838 **The Anvár-i Suhailí; Or, the Lights of**

Esoteric Buddhism in Mediaeval Maritime Asia Andrea Acri,2016-09-05 This volume advocates a trans regional and maritime focused approach to studying the genesis development and circulation of Esoteric or Tantric Buddhism across Maritime Asia from the seventh to the thirteenth centuries ce The book lays emphasis on the mobile networks of human agents Masters textual sources Texts and images Icons through which Esoteric Buddhist traditions spread Capitalising on recent research and making use of both disciplinary and area focused perspectives this book highlights the role played by Esoteric Buddhist maritime networks in shaping intra Asian connectivity In doing so it reveals the limits of a historiography that is premised on land based transmission of Buddhism from a South Asian homeland and advances an alternative historical narrative that overturns the popular perception regarding Southeast Asia as a periphery that passively received overseas influences Thus a strong point is made for the appreciation of the region as both a crossroads and rightful terminus of Buddhist cults and for the re evaluation of the creative and transformative force of Southeast Asian agents in the transmission of Esoteric Buddhism across mediaeval Asia Edinburgh University calendar "The" University of Edinburgh,1897 **Skilful Means** Michael Pye,2004-08-02 Skilful means is the key principle of Mahayana one of the great Buddhist traditions I illuminates a core working philosophy essential for any complete understanding of Buddhism
