**Handbook Of Terrorism In The Asia-Pacific** Rohan Gunaratna, Stefanie Li Yee Kam, 2016-06-22 The Handbook of Terrorism in the Asia Pacific provides a historical overview of terrorism in the Asia Pacific the evolution of threat and the present threat faced by countries with the rise of the Islamic State IS This is a concise and readable handbook which examines the origins of the current wave of terrorism across countries in Southeast Asia South Asia Northeast Asia and the Pacific and identifies emerging trends and new forms of terror that have altered the landscape and rendered the region increasingly vulnerable to asymmetric attacks Comprising of more than 20 chapters this handbook will be a useful source of reference for undergraduate and graduate students focused on understanding the causes of terrorism and insurgency in the Asia Pacific **Visual language** Wendy Sandler, Marianne Gullberg, Carol Padden, 2019-11-04 Traditionally research on human language has taken speech and written language as the only domains of investigation However there is now a wealth of empirical studies documenting visual aspects of language ranging from rich studies of sign languages which are self contained visual language systems to the field of gesture studies which examines speech associated gestures facial expressions and other bodily movements related to communicative expressions But despite this large body of work sign language and gestures are rarely treated together in theoretical discussions This volume aims to remedy that by considering both types of visual language jointly in order to transcend artificial theoretical divides and to arrive at a comprehensive account of the human language faculty This collection seeks to pave the way for an inherently multimodal view of language in

which visible actions of the body play a crucial role The 19 papers in this volume address four broad and overlapping topics 1 the multimodal nature of language 2 multimodal representation of meaning 3 multimodal and multichannel prosody and 4 acquisition and development of visual language in children and adults     [An Army Boy of the Sixties \(Expanded, Annotated\)](#)

Alson B. Ostrander, 1924-01-01 The American Civil War was nearly over when Als Ostrander finally convinced his father to let him join the army at the age of 18 Though he didn't see action in that war he had plenty of adventure during three years of service He was selected to serve on the staff of General Philip St George Cooke who wrote the manual for the Civil War cavalry With General Cooke he went out west to the frontier where he had occasions to meet General of the Army Ulysses S Grant General William Tecumseh Sherman with whom he shared a smoke General George Thomas and even famed scout Jim Bridger Throughout this wonderful memoir Ostrander heaps unsparing self deprecating humor onto his young self as he tells of crossing territory full of hostile bands of Indians climbing Scott's Bluff and in general not knowing quite what soldiering was all about Every memoir of the American West provides us with another view of the westward movement that changed the country forever For the first time this long out of print volume is available as an affordable well formatted book for e readers and smartphones Be sure to LOOK INSIDE by clicking the cover above or download a sample     **The YMCA in Late Colonial India**

Harald Fischer-Tiné, 2022-11-03 This book explores the history and agendas of the Young Men's Christian Association YMCA through its activities in South Asia Focusing on interactions between American Y workers and the local population representatives of the British colonial state and a host of international actors it assesses their impact on the making of modern India In turn it shows how the knowledge and experience acquired by the Y in South Asia had a significant impact on US foreign policy diplomacy and development programs in the region from the mid 1940s Exploring the secular projects launched by the YMCA such as new forms of sport philanthropic efforts and educational endeavours The YMCA in Late Colonial India addresses broader issues about the persistent role of religion in global modernization processes the accumulation of American soft power in Asia and the entanglement of American imperialism with other colonial empires It provides an unusually rich case study to explore how global civil society emerged in the late 19th and early 20th centuries how it related to the prevailing imperial world order and how cultural specificities affected the ways in which it unfolded Offering fresh perspectives on the historical trajectories of America's moral empire Christian internationalism and the history of international organizations more broadly this book also gives an insight into the history of South Asia during an age of colonial reformism and decolonization It shows how international actors contributed to the shaping of South Asia's modernity at this crucial point and left a lasting legacy in the region     [Professional Journal of the United States Army](#), 2017-07

Germany Olaf Kühne, Florian Weber, 2022-03-02 This book addresses the highly differentiated spatial social cultural and demographic structure s of Germany with a particular focus on the reciprocal relations between different levels of spatial development The historical development of Germany serves as a background in order to provide context for the development of spatially relevant ideas and ideals whether in relation to politics landscape or culture In this regard questions of divergence and convergence become highly salient The book makes the complexity of spatial and social developments in Germany comprehensible The neopragmatic approach adopted here allows bringing together different theoretical strands while providing a basis for independent regional geographic research at the same time Beginning with an overview of the physical structures of Germany which provides the material point of departure for the societal development of Germany key aspects of the German history are discussed Particular attention is paid to the reciprocal influence between material

substrate and notions of landscape Here specific German trajectories of aesthetic and normative conceptions of landscape become clear A common theme throughout the book are questions of divergence and of efforts towards convergence which become evident when considering past and present economic political and demographic developments Efforts to tackle current challenges such as adapting to climate change and mitigating it or securing raw materials also become apparent The complexity of spatial processes in Germany is illustrated in case study regions dealing with the challenges of structural change in traditional industrial regions such as the Ruhr area or e g efforts of Berlin to position and find itself as the capital of a unified Germany Overall the book shows how theory driven regional geographic research can make spatiotemporal complexities tangible and comprehensible
