

What has inspired you to attempt this initiative, the newspaper's move into e-publishing? The worldwide explosion of the Internet provides the perfect environment for us to reach our readers. The newspaper's website offers something no other digital paper can.

The newspaper may also have a role if we expand to serve the Internet's audience. In this case, we can use the richness of the multimedia-rich environment online to create stories that cannot be told otherwise. And there's the richness of the multimedia.

It's going to be a tough task. The newspaper is an old technology. The Internet is new and full of possibilities. We have to find a way to make it work. We're not alone in this.
