

Learning Activity

Underpinning and Connecting the Facts

This activity will help you meet these educational goals:
 You will plan and participate effectively in a collaborative discussion with others;
 generate an open discussion, raise and discuss, building on others' ideas and representing
 your own ideas clearly and persuasively.

Instructions

In this activity, you will build on your previous analysis and synthesis of these studies. You
 will be able to see the relationship between the two studies in the context of the experiment. [Click here](#)

Before you start this activity, you might want to review [The Information](#) regarding the
 following questions:

- What are the elements of the story? What story are you told? What are the main points in the story?
- What are the main points, and how are they related?
- How does the relationship change as the story progresses? How do the other elements change?

Directions and Analysis

Task 1: Presenting the Information

In this task, you will compare the research findings. Compare the two studies, the presentation of the
 information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation.

In this information, compare the two studies, the presentation of the information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation.

- There is a real-life situation which is presented in the information, and compare the two studies, the presentation of the information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation.
- Compare the two studies, the presentation of the information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation. Compare the two studies, the presentation of the information, with a real-life situation.
