Jean Calvin

Scripta Didactica Et Polemica Volumen Iv Epistolae Duae Deux Discours:

Ioannis Calvini Scripta didactica et polemica Jean Calvin, Erik Alexander De Boer, Frans Peter Van Stam, 2009-06 These two public letters are Calvin's first publication for a wider audience since his arrival in Geneva. Its preface is dated on 12 January 1537. After years of scholarly activity and travelling in anonymity Guillaume Farel forcefully committed him to the church of Geneva. The young author of the *Institutes* 1536 was at Farel's and Viret's side at the Disputation of Lausanne. He broke any allegiance with the Circle of Meaux and sided wholeheartedly with the reformed cause. The contents of the *Epistolae duae* drafted in Ferrara reveal that Calvin must have revised the manuscript to give testimony to the appeal of the Disputation to the Roman Catholic clergy. The first letter challenges Christians to break away from idolatry and confess publicly. The second letter is a challenge to the clergy either to reform or lay down their offices. The *Epistolae duae* are the opening move in the exchange among the reformers on Nicodemism. Calvin as ghost writer of Farel breaks with the reform movement of Meaux, France. That was what the reformed position in October 1536 had implied. Calvin's two minor contributions to the Disputation of Lausanne have been added to the present edition.

Establishing the Remnant Church in France Jon Balserak, 2011-03-05 Calvin lectured on the Minor Prophets from 1555/6 to 1559, beginning at the time of the implementation of the Peace of Augsburg. He saw the era in which he lived particularly the period following the calling of the Council of Trent 1545 and the enforcing of the Augsburg Interim 1548 as like that of Elijah, a fundamentally troubled era for the church. This study offers a comprehensive analysis of these lectures, their context, audience, and aims. It argues that they were integral, not simply to his training of ministers and missionaries for France, but to Calvin's endeavors to call the faithful remnant out of a corrupt Roman Church and to re-establish the Christian Church in France and Europe.

Consciences and the Reformation Timothy R. Scheuers, 2023-08-01 This book examines the contentious relationship between oath-taking, confessional subscription, and the binding of the conscience in reforms led by John Calvin. Calvin and his closest Reformed colleagues routinely distinguished what they believed were impious rules and constitutions in the Roman Church, human traditions claiming to bind the consciences of the faithful by putting them in fear of losing their salvation, and legitimate church observances such as oaths and formal subscription to Reformed confessional standards. Doctrinal and moral reform in the cities became difficult, however, when friends and foes alike accused Calvin and his partners of burdening consciences with extra-Scriptural statements of faith composed by human authorities, a claim that if true would necessarily shape our assessment of the integrity of Calvin's Reformation. In light of these conflicts, author Timothy R. Scheuers offers a close reading of the texts and controversies surrounding Calvin's struggle for reform. In particular, he shows how they reveal the unique challenges Calvin and his colleagues encountered as they attempted to employ oath-swearing and formal confession of faith in order to consolidate the reformation of church and society. This book demonstrates how oaths and vows were used to shape confessional identity, secure social order, forge community, and promote faithfulness in public and private contracts. It

also illustrates the complex and difficult task of protecting the individual conscience as Calvin sought to bring his new take on Christian freedom into Reformed communities

God or Baal John Calvin, 2020-10-20 This book consists of two open letters by the young John Calvin to evangelical believers who desired to stay and work within the Roman Catholic Church The first letter exposes the idolatry involved in the Mass while the second denounces the papal abuses of the pastoral office of the church Together they form a resounding call for the necessity of a thoroughgoing Reformation This translation from David C Noe makes the two letters available together for the first time in English Noe also provides a helpful introduction to Calvin s early life and the problem of evangelical believers remaining in the Roman Catholic Church This book does not merely provide a helpful view of how Calvin believed the moderate French reform movement should decide between God and the worship of false prophets It is also an opportunity for us to reflect on the abiding significance of the need for reformation

Geneva's Use of Lies, Deceit, and Subterfuge, 1536-1563 Jon Balserak, 2024-09-17 This study examines the ethical character of John Calvin and his Genevan colleagues evangelizing of France It reveals that Calvin s plans for proselytizing his homeland involved lying deception and obfuscation which were employed as a means of evading detection by the French authorities Balserak considers important questions about the relationship between godliness and cunning about Calvin s manufacturing of his image and about the lengths to which he and his colleagues went to spread their gospel
