# Get to Know Sea Turtles

**Lesson Duration: 55 minutes**

## Teacher Information

This lesson will introduce students to the basic information about the 7 species of sea turtles. The main goal of this lesson is for students to learn about sea turtles and begin to identify the differences between the various species. Students will learn about the body parts of sea turtles, foods they eat, and habitats that they live in.

## National Education Standards

- **4AS1.1** Ask a question about objects, organisms, and events in the environment. This aspect of the standard emphasizes students asking questions that they can answer with scientific knowledge, combined with their own observations. Students will use their own knowledge and observation skills to identify what they already know about sea turtles.
- **4CLS1.2** Each plant or animal has different structures that serve different functions in growth, survival, and reproduction. Students will learn the body parts of the sea turtle and the function these body parts serve.
- **4CLS1.1** Organisms have basic needs. Students will learn the food and habitats that each sea turtle species prefers.
- **4CLS2.1** Plants and animals have life cycles that include being born, developing into adults, reproducing, and eventually dying. Students will learn that sea turtles begin as eggs on the beach, grow into adults, and return to the beach to lay eggs if they are females.
