This training manual (TRAMAN) and nonresident training course (NRTC) form a self study package that will enable the enrollees to gain information which will help them fulfill the requirements of their rating. Designed for individual study, and not formal classroom instruction, the TRAMAN provides subject matter that relates directly to the occupational qualifications of the SEABEE ratings. The NRTC provides the usual way of satisfying the requirements for completing the TRAMAN. The set of assignments in the NRTC includes learning objectives and supporting items designed to emphasize the key points covered in the TRAMAN. This training manual and nonresident training course were prepared by the Naval Education and Training Program Management Support Activity, Pensacola, Florida, for the Chief of Naval Education and Training.
