Prendre Langue Avec Jacques Lacan Hybridations:

Prendre Langue avec Jacques Lacan Jean-Louis Sous, 2013-11-01 Ce livre propose dix tudes sur une s rie de n ologismes lacaniens Trois questions seront ainsi pos es Dans quel contexte quel moment pr cis du fraying de Jacques Lacan surgit la trouvaille n ologique Quelles op rations sur la mati re de la langue quels traits seraient retenir pour se permettre de soutenir qu'il passe un effet n ologique dans la formule propos e Que produit chaque coup et chaque fois le jeu citationnel dans la fabrique de cette hybridation Quels d placements s op rent Quelle incidence en r sulte pour l exercice de la psychanalyse

Le deuil vous écrit Jean-Louis Sous, 2025-06-19 Le titre d'un deuil ne rel ve pas d'une qualification ou d'une classification psycho pathologique Il serait plut t titrage des alliages qui font la composition de ses tonalit s disparates Ainsi seront nomm s ces trois r cits d'analyse dans l'accompagnement de leurs r sonances que ce soit en premi re main perte directe d'un proche ou en seconde main endossement du deuil d'un autre

La bocca della verità Jean Louis Sous, 2025-09-12 La bocca della verit un espressione di solito attribuita al bambino per la sua presunta innocenza e richiama la famosa formella scultorea della basilica di Santa Maria in Cosmedin a Roma dotata di denti pronti a mordere chi mente Mentire al bambino non significa raccontargli bugie occasionali ma tradire la promessa e la parola data tutto ci che il bambino si aspettava e che gli spettava in quanto frutto dell'amore e del desiderio dei genitori seppur effimeri Questa menzogna che fissa il bambino in una rappresentazione ingannevole funzionale al mantenimento dei legami familiari e sociali raddoppiata dai costrutti teorici dei saperi ufficiali o referenziali si tratti delle varie neuro psico pedagogie dell'infanzia o del bambino edipico teorizzato da Freud Abbiamo cos sempre a che fare con un bambino supposto perfino quando gli imputiamo una domanda di cura da lui mai formulata di sintomi che tradotti in parole rivelano la sua eroica resistenza contro la menzogna che lo ha devastato ma che ricondotti a griglie interpretative o iter medici rinnovano il tradimento originale Ritrovare ascoltare parlare lalingua di un bambino gli offre la possibilit di ripagare chi gli ha mentito con il morso della verit e di aprirlo a un nuovo destino

Lacan and the Subject of Language (RLE: Lacan) Ellie Ragland-Sullivan, Mark Bracher, 2014-02-05 Originally published in 1991 this volume tackles the diverse teachings of the great psychoanalyst and theoretician Written by some of the leading American and European Lacanian scholars and practitioners the essays attempt to come to terms with his complex relation to the culture of contemporary psychoanalysis The volume presents useful insights into Lacan's innovative theories on the nature of language and the subject Many of the essays probe the importance of psychoanalysis for problems of signifier and referent in the philosophy of language others explore the difficulties men and women have in negotiating the sexual differences that divide them A major contribution to the new reception of Jacques Lacan in the English speaking world Lacan and the Subject of Language will challenge those who believe that they have already mastered Lacanian thought The insights offered here will pave the way for further developments

...or Worse Jacques Lacan, 2018-08-20 A chance meeting of a sewing machine and an umbrella The impossible face off between a whale and a polar bear One was devised by Lautr amount the other punctuated by Freud Both are memorable Why so They certainly tickle something in us Lacan says what it is It s about man and woman There is neither accord nor harmony between man and woman There s no programme nothing has been predetermined every move is a shot in the dark which in modal logic is called contingency There s no way out of it Why is it so inexorable that is so necessary It really has to be reckoned that this stems from an impossibility Hence the theorem There is no sexual relation The formula has become famous In the place of what thereby punctures a hole in the real there is a plethora of luring and enchanting images and there are discourses that prescribe what this relation must be These discourses are mere semblance the artifice of which psychoanalysis has made apparent to all In the twenty first century this is beyond dispute Who still believes that marriage has a natural foundation Since it s a fact of culture one devotes oneself to inventing One cobbles together different constructions from whatever one can It may be better or worse There is Oneness At the heart of the present Seminar this aphorism which hitherto went unnoticed complements the there is no of sexual relation stating what there is It should be heard as One all alone Alone in jouissance which is fundamentally auto erotic and alone in significance outside any semantics Here begins Lacan s late teaching Everything he has already taught you is here and yet

everything is new overhauled topsy turvy Lacan had taught the primacy of the Other in the order of truth and the order of desire Here he teaches the primacy of the One in its real dimension He rejects the Two of sexual relation and that of signifying articulation He rejects the Big Other the fulcrum of the dialectic of the subject disputing its existence which he consigns to fiction He depreciates desire and promotes jouissance He rejects Being which is mere semblance Henology the doctrine of the One here outclasses ontology the theory of Being What about the symbolic order Nothing more than the reiteration of the One in the real Hence the abandoning of graphs and topological surfaces in favour of knots made of rings of string each of which is an unlinked One Recall that Seminar XVIII sighed for a discourse that would not be semblance Well with Seminar XIX we have an attempt at a discourse that would take its point of departure in the real The radical thought of modern Uni dividualism Jacques Alain Miller *The Seminar of Jacques Lacan* Jacques-Alain Miller,1988 *The Seminar of Jacques Lacan: ...Ou pire* Jacques Lacan,2002 **The Seminar of Jacques Lacan: Transference** Jacques Lacan,1988
