Pentration: Special Edition Updated Ingo Swann, 2020-11-29 UPDATED WITH NEW MATERIAL FOUND IN HAROLD SHERMAN'S ARCHIVES Ingo Swann renowned psi researcher reveals a long held secret series of experiences with a deep black agency whose apparent charter was simple UFOs and extraterrestrials on

the moon and worries about ET telepathic mind control powers The agency was so secret that it had no paper trail and hence no written secrecy agreements Only the verbal ones which in Ingo s case expired several years ago Now in this era of burgeoning UFO glasnost he tells a story of meetings held in a secret underground facility not far from Washington DC and of being taken to a remote location near the Arctic Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy which may have many different forms Ingo also explores the fact that we officially know far more than we re admitting about the Moon its origins its atmosphere its occupants and many other unusual features Penetration is about one of the means by which we can learn more about those not of this earth and vice versa telepathy Do we have the means to answer some very important questions that many have been asking for quite a long time Inside this book are the answers to some PLUS In a newly discovered missing chapter on his psychic probes of Mars 9 to Penetration Ingo asserts that there is a bigger question at play the question as to why do mass consciousness humans as it were mass consciously almost conspire to avoid certain issues and consistently so This inquiry deep within Ingo s own awareness is one that he would ponder until his passing in 2013 He no doubt wished to share this interrogation with the world back in 1998 Thus while Neptune goes direct in Pisces removing the veils and providing an awakening of sorts we have decided put Ingo s question to the world by including 9 along with Introductions by Dr Krippner and Dr Mitchell an Afterword by Thomas M McNear Lieutenant Colonel U S Army Ret and recently discovered documents from Harold Sherman s Archives in this Updated Special Edition all within an aptly named section entitled Subscript *35 Minutes to Mars* R. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O Hare Airport in November 2006 it was met with the typical denials and hush up that usually accompany such sightings But when a related story broke the record for hits at the Chicago Tribune s website it was clear that such unexplained objects continued to occupy the minds of fascinated readers Why wonders Thomas Bullard don t such persistent sightings command more urgent attention from scientists scholars and mainstream journalists The answer in part lies in Bullard s wide ranging magisterial survey of the mysterious frustrating and ever evolving phenomenon that refuses to go away and our collective efforts to understand it In his trailblazing book Bullard views those efforts through the lens of mythmaking discovering what UFO accounts tell us about ourselves our beliefs and the possibility of visitors from beyond Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien and how it views relentless official denial as a part of conspiracy to hide the truth He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos Bullard s book takes in the whole spectrum of speculations on alien visitations and abductions magically advanced technologies governmental conspiracies varieties of religious salvation apocalyptic fears and other paranormal experiences Along the way Bullard investigates how UFOs have inspired books movies and television series blurred the boundaries between science science fiction and religion and crowded the Internet with websites and discussion groups From the patches of this crazy quilt he posits evidence that a genuine phenomenon seems to exist outside the myth Enormously erudite and endlessly engaging Bullard s study is a sky watcher s guide to the studies stories and debates that this elusive subject has inspired It shows that despite all the competing interests and errors clouding the subject there is substance beneath the clutter a genuinely mysterious phenomenon that deserves attention as more than a myth **Project Rainbow and the Philadelphia Experiment** David Hatcher Childress, 2024-10-30 David Childress popular author and star of the History Channel show Ancient Aliens brings us the amazing story of the so called Philadelphia Experiment and the many curious events that happened in its aftermath The Philadelphia Experiment was an event claimed to have been witnessed by an ex merchant mariner named Carl M Allen at the United States Navy s Philadelphia Naval Shipyard on October 28 1943 Allen described an

experiment called Project Rainbow where the US Navy attempted to make a destroyer class ship the USS Eldridge disappear and the bizarre results that followed The story of the Philadelphia Experiment originated in late 1955 when Carl M Allen sent an anonymous package marked Happy Easter containing a copy of Morris K Jessup s book The Case for the UFO Unidentified Flying Objects to the US Office of Naval Research The book was filled with handwritten notes in its margins written with three different shades of blue ink appearing to detail a debate among three individuals only one of whom is given a name Jemi They commented on Jessup s ideas about the propulsion for flying saucers discussed alien races discussed Project Rainbow and expressed concern that Jessup was too close to discovering their technology He also sent letters to Jessup Jessup was then discovered in Florida dead in his car with a hose wired to his exhaust pipe to bring the toxic fumes into the vehicle It was ruled a suicide Was Jessup murdered as many people believe Was he part of Project Rainbow an effort to teleport a battleship through time and space Did the Defense Industrial Security Command DISC headed by Wernher von Braun have something to do with his death Why did the US Navy want a special annotated edition of Jessup s book published called the Varo Edition

How Antigravity Built the Pyramids Nick Redfern,2025-09-12 Discover the Lost Secrets of the Ancients and the Time When Stones Floated High over Egypt Throughout history folklore and mystery tales have circulated of massive stones being moved through the air effortlessly by sound Bizarre Well yes it is That doesn't take away the fact that sound was and still remains the key to the construction of the pyramids of Egypt Stonehenge the stone figures of Easter Island and the massive stones at Baalbek Lebanon Were they the work of ancient humans or of equally ancient extraterrestrials *How Antigravity Built the Pyramids* delves into specific stories and theories A 9th century story of a mysterious papyrus with the power to move large stones at the Giza Necropolis The Mayan story of the construction of the Pyramid of the Magician said to be overseen by a small humanoid who could whistle large stones into place Native American stories of ancient priests being able to make stones light to move easily Author Nick Redfern argues it was not literally music and whistling that somehow raised large stones but both have one thing in common sound Acoustics Almost certainly acoustic levitation was at the heart of these incredible feats The truth of the science behind acoustic levitation was lost and forgotten for ages with little more left than fanciful tales of music whistles a curious papyrus and strange metal rods that could achieve incredible feats in the air Today we are finally starting to get a grasp on this incredible technology a technology that may have been the work of ancient humans aliens from faraway worlds or perhaps a combination of the two
