Kimmel, Professor Department of Sociology Michael S Kimmel, 2005-03-10 A collection of historical articles and essays by a pioneer in the field of masculinity studies *Literature, Partition and the Nation-State* Joseph N.

Cleary, 2002-01-03 The history of partition in the twentieth century is one steeped in controversy and violence *Literature Partition and the Nation State* offers an extended study of the social and cultural legacies of state division in Ireland and Palestine two regions where the trauma of partition continues to shape political events to this day Focusing on the period since the 1960s when the original partition settlements in each region were challenged by Irish and Palestinian nationalists Joe Cleary s book contains individual chapters on nationalism and self determination on the construction of national literatures in the wake of state division and on influential Irish Israeli and Palestinian writers film makers and public intellectuals Cleary s book is a radical and enthralling intervention into contemporary scholarship from a range of disciplines on nations and nationalism It will be of interest to scholars in Cultural and Post Colonial Studies Nations and Nationalism Irish Literature Middle East Studies and Modern History Creating the Modern Man Tom Pendergast, 2000 Pendergast traces the shift in US periodicals from Victorian masculinity which valued character integrity hard work and duty to modern masculinity which valued personality self realization and image Arguing that the rise of mass consumer culture was a key factor in the change he describes how such magazines as American Magazine Esquire and True presented masculinity in

ways that reflected the magazines relationship to advertisers contributors and readers Annotation copyrighted by Book News Inc Portland OR      *Masculine Identity in the Fiction of the Arab East since 1967* Samira Aghacy, 2009-12-08 This book offers an exploration of masculinity in the literature of the Arab East Lebanon Jordan Palestine Syria and Iraq in the context of a specific set of anxieties about gender roles and sexuality in Arab societies While gender studies in the area have focused primarily on the situation of women the treatment of Arab men as gendered subjects has fallen behind Samira Aghacy s rich analysis presents gender relations not within a fixed biological mold but rather as a complex phenomenon fraught with ambivalence and operating within particular historical and geopolitical settings Through a series of close readings of twenty contemporary Arabic novels Aghacy presents a mosaic of masculinities that challenges the generally held view of an essentialized archetypal Arab man and that mirrors a contested vision of manliness where men figure in diverse sociocultural environments This groundbreaking work reveals the volatile nature of masculinity and its inextricability from femininity

*Staging Masculinity* Carla J. McDonough, 1997-01-01 The men in plays such as Arthur Miller s *Death of a Salesman* or Sam Shepard s *True West* are often presented as universal little attention is given to the gender dynamics involved in the characters This work looks at how contemporary playwrights including Miller Shepard Eugene O Neill David Mamet and August Wilson stage masculinity in their works It becomes apparent that male playwrights return often to the issues of troubled manhood usually masked in other issues such as war business or family The plays indicate both the attractiveness of the model of traditional masculinity and the illusive nature of this image which all too often fractures and fails the characters who pursue it O Neill s play *The Hairy Ape* and the character Yank receive much attention      *Errancies of Desire* Vartan P. Messier, 2022-11-15 Social commentators psychologists and journalists all point to the idea that in the new millennium traditional masculinity is in crisis In contemporary film and literature this predicament is often portrayed as a problem of desire particularly heterosexual desire Male libido it appears is especially vicious when it is misguided Yet the genesis of this problem is not consistently diagnosed While some texts may situate it in the unbridled expression of human sexuality and its associated discourses others contend it is the perverse result of popular constructions of sex and gender Addressing this conundrum *Errancies of Desire* focuses on the intersections of phallographic violence and masculine identity in contemporary works of fiction across three subcontinents North America Western Europe and sub Saharan Africa In doing so Messier details the ways in which male desire is predicated on mediated forms of predatory and misogynistic sexuality that cross national and cultural divides Employing a comparative methodology he interrogates common perceptions of national differences and masculine identities grounded in historical specificity *Errancies of Desire* effectively argues that when associated symptoms of violent and sexist behavior are institutionalized and misguidedly construed as a masculine norm all men can become monsters
