The Enemy Camp:

The Enemy's Camp (Classic Reprint) Hugh T. Sheringham, 2015-07-14 Excerpt from The Enemy's Camp I'll put the kettle on said William stepping off the plank that somewhat insecurely bridged the small lagoon of mud beyond the stile and but he stopped abruptly in the middle of both sentence and progress his eyes and mouth wide open with astonishment and his right foot slightly in advance of the left The others concerned with the passage did not at first notice anything but when they too had reached firm ground they had leisure to follow their friend's gaze and to share in his emotion The frown of concentration incidental to lighting a pipe while crossing a narrow plank remained on Talbot's brow though the match that he had just struck burned away unheeded The Admiral's hand remained motionless on the crown of the battered straw hat that it had been settling more comfortably on the back of his head while his face lengthened in pained displeasure About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Silva, 2020-03-10 Following the Second Punic War in 202 B C when the Carthaginians were finally ousted from Iberia Rome thought that they were now in control of the region Soon however they found themselves pitted against an unexpected foe the native Iberio Celts the Lusitanians With one occupier gone the Lusitanians took the opportunity to oppose their replacement the Romans in an effort to establish their own nation Led by the charismatic Viriathus whose example instilled the same kind of fury and devotion as the future Celtic warrior queen Boudica the Lusitanians began a bitter war with the Romans in 155 B C that would rage on and off for the next twenty five years Despite their military advantage the Romans could not at first defeat the Lusitanians so they offered a peace treaty A large number of Lusitanians and their key leaders arrived at the designated meeting point only to be massacred Viriathus managed to escape the deadly trap and rallied his people to continue the fight Knowing that they did not have the numbers of trained soldiers to oppose the Roman Army Viriathus developed a guerrilla campaign of hit and run tactics and attrition After years of stalemate the Romans once again sued for peace Following a short truce however the war resumed but the Romans still could not subdue the Lusitanians Finally they resorted to paying assassins to do what their army could not kill Viriathus With his death the Lusitanian resistance collapsed and Rome secured Iberia as a province of the empire Based on classical sources and Portuguese and Spanish language archival material *The Lusitanian War Viriathus the Iberian Against Rome* is the first booklength study of this fascinating leader and the important campaign he waged His style of warfare had a profound influence on future Roman Army tactics when fighting native troops
