Sufism and Transcendentalism Elham Shayegh,2020-03-09 The rhetoric of cultural identity generally goes in two potential directions One a universal line that insists on an overall pattern of integration and harmony among all peoples regardless of their differences and the other a line which suggests that various cultures are so specific and different that they will eventually enter into clash violence and war Drawing upon Derrida s concept of differance I will point out that such rhetoric as examples of current political discourses fail to open the concept of cultural identity through redefining its relationship with otherness This will be accompanied by poetry of Rumi and Whitman to suggest that their literary language through its non dialectic characteristics is familiar with the problematic of identity and has the ability to form a cross cultural dialogue Sufism And Transcendentalism envisages the possibility of dialogue against the background of political conflict

essence of Sufism's insights into the experience of divine love, wisdom and the nature of both humanity and God. While Barks's stamp on this collection is clear, it is Rumi's voice that leaps off these pages with a rapturous power that leaves readers breathless. These poems express our deepest yearning for the transcendent connection with the source of the divine; there are passionate outbursts about the torment of longing for the beloved and the sweet delight that comes from union; stories of sexual adventures and of loss; poems of love and fury, sadness and joy and quiet truths about the beauty and variety of human emotion. For Rumi, soul and body and emotion are not separate but are rather part of the great mystery of mortal life, a riddle whose solution is love. Above all else, Rumi's poetry exposes us to the delight that comes from being fully alive, urging us always to put aside our fears and take the risk of discovering our core self. No one knows what makes the soul wake up so happy. Maybe a dawn breeze has blown the veil from the face of God.
