

What is the true story of the Hatfield and McCoy feud?

The Feud The Hatfields And Mccoys The True Story

Dean King

The Feud The Hatfields And McCoys The True Story:

The Feud Dean King, 2013-05-14 For more than a century the enduring feud between the Hatfields and the McCoys has been American shorthand for passionate unyielding and even violent confrontation Yet despite numerous articles books television shows and feature films nobody has ever told the in depth true story of this legendarily fierce and far reaching clash in the heart of Appalachia Drawing upon years of original research including the discovery of previously lost and ignored documents and interviews with relatives of both families bestselling author Dean King finally gives us the full unvarnished tale one vastly more enthralling than the myth Unlike previous accounts King s begins in the mid nineteenth century when the Hatfields and McCoys lived side by side in relative harmony Theirs was a hardscrabble life of farming and hunting timbering and moonshining and raising large and boisterous families in the rugged hollows and hills of Virginia and Kentucky Cut off from much of the outside world these descendants of Scots Irish and English pioneers spoke a language many Americans would find hard to understand Yet contrary to popular belief the Hatfields and McCoys were established and influential landowners who had intermarried and worked together for decades When the Civil War came and the outside world crashed into their lives family members were forced to choose sides After the war the lines that had been drawn remained and the violence not only lived on but became personal By the time the fury finally subsided a dozen family members would be in the grave The hostilities grew to be a national spectacle and the cycle of killing kidnapping stalking by bounty hunters and skirmishing between governors spawned a legal battle that went all the way to the United States Supreme Court and still influences us today Filled with bitter quarrels reckless affairs treacherous betrayals relentless mercenaries and courageous detectives *The Feud* is the riveting story of two frontier families struggling for survival within the narrow confines of an unforgiving land It is a formative American tale and in it we see the reflection of our own family bonds and the lengths to which we might go in order to defend our honor our loyalties and our livelihood **The Feud** Dean King, 2014-07-01 The in depth true story of this legendarily fierce and far reaching clash in the heart of Appalachia The True Story of the Hatfield and McCoy Feud L. D. Hatfield, 2024-07 Originally published by L D Hatfield in 1944 this booklet tells the true story of the notorious mountain feud between the Hatfields and the McCoys along the borders of Kentucky and West Virginia during the 1880 s and 1890 s It is a compilation of data received from reliable sources and is not meant to be a reflection on either side **The True Story of the Hatfield and McCoy Feud** L.D. Hatfield, 2015-10-26 There have been several versions written of this widely known altercation between the two prominent mountain families but no two of them have coincided as to the facts concerning a feud which has become nationally and even internationally known throughout the years since these two clans stalked each other in the wilderness recesses of Tug River along the borders of West Virginia and Kentucky which were at that time very sparsely settled It has been commonly rumored that the feud actually started because of a dispute between the two clans over the ownership of a hog This however is not true It is true that there had been some

trouble in this respect prior to the actual beginning of the feud but a more or less satisfactory settlement had been made concerning the hog In those days there were vast uninhabited tracts of land in this section of West Virginia and Kentucky covered by dense forest which afforded an unsurmountable amount of mast upon which the hogs of various settlers would feast during that particular season of the year Each settler would have a certain mark by which his hogs could be recognized from those of his neighbors These marks would be cut in the ears of the hogs by their owners with the keen bladed knife of the frontiersman by cutting what was known as the swallow fork in the left ear an upper cut in the right ear or perhaps an underbit in one ear and some other mark in the other ear and each settler would have a different mark When the acorns and other nuts from the native trees in the forest began to drop in the fall of the year the settlers would drive their hogs into these woodland areas and leave them for weeks and months so that they might grow and fatten on the nuts and when the time came to round up the hogs each settler would know his hogs by these markings

The True Story of the Hatfield and McCoy Feud Lawrence D. Hatfield,1944

The Hatfields and the McCoys Otis K. Rice,1982-12-31 In an attempt to separate myth from fact the author probes the origins of the McCoy Hatfield vendetta and the social political economic and cultural ramifications of Appalachia s famous nineteenth century family feud

The Hatfields & the McCoys Otis K. Rice,2010-09-12 A captivating account of two families whose stubbornness and loyalty were exceeded only by their capacity for a terrible revenge Southern Living The Hatfield McCoy feud has long been a famous part of Appalachian history but over the years it s become encrusted with myth and error Novelists motion picture producers television writers and others have neglected to separate fact from fiction and sensationalized events that needed no embellishment Using court records public documents official correspondence and other sources Otis K Rice presents an account that frees as much as possible truth from legend He weighs the evidence carefully avoiding the partisanship and the attitude of condescension and condemnation that have characterized many of the writings concerning the feud He also sets the feud in the social political economic and cultural context of eastern Kentucky and southwestern West Virginia in the late nineteenth and early twentieth centuries By examining the legacy of the Civil War the weakness of institutions such as the church and education system the exaggerated importance of family the impotence of the law and the isolation of the mountain folk Rice gives new meaning to the origins and progress of the feud These conditions help explain why the Hatfield and McCoy families which have produced so many fine citizens could engage in such a bitter and prolonged vendetta

Blood Feud Lisa Alther,2013-02-05 America s most notorious family feud began in 1865 with the murder of a Union McCoy soldier by a Confederate Hatfield relative of Devil Anse Hatfield More than a decade later Ranel McCoy accused a Hatfield cousin of stealing one of his hogs triggering years of violence and retribution including a Romeo and Juliet interlude that eventually led to the death of one of McCoy s daughters In a drunken brawl three of McCoy s sons killed Devil Anse Hatfield s younger brother Exacting vigilante vengeance a group of Hatfields tied them up and shot them dead McCoy posses hijacked part of the Hatfield firing squad across state lines to

stand trial while those still free burned down Ranel McCoy's cabin and shot two of his children in a botched attempt to suppress the posses. Legal wrangling ensued until the US Supreme Court ruled that Kentucky could try the captured West Virginian Hatfields. Seven went to prison and one mentally disabled yelled "The Hatfields made me do it as he was hanged." But the feud didn't end there. Its legend continues to have an enormous impact on the popular imagination and the region. With a charming voice, a wonderfully dry sense of humor, and an abiding gift for spinning a yarn, bestselling author Lisa Alther makes an impartial, comprehensive, and compelling investigation of what happened, masterfully setting the feud in its historical and cultural contexts, digging deep into the many causes and explanations of the fighting, and revealing surprising alliances and entanglements. Here is a fascinating new look at the infamous Hatfield-McCoy feud. [The Other Feud](#) Philip Hatfield, PhD, 2021-07-22. A little-known fact about the Hatfield and McCoy Feud is that nearly all of the men involved were also Civil War veterans. The Hatfield patriarch William Anderson "Devil Anse" Hatfield served in the Confederate army 1861-1865. He fought in numerous skirmishes along the border territories of western Virginia and Kentucky. Unfortunately, most popular accounts of Devil Anse's Confederate service are based on legends rather than facts. Many also overlooked important details linking his Civil War service to the famous feud. Using official military records, newspaper accounts, and other historic sources, the author debunks several myths and sheds more insight into one of the most mysterious characters in American folk history.

Mountaineers and Rangers Shelley Smith Mastran, 1983. [Feud](#) Altina L. Waller, 2012-12-01. The Hatfield-McCoy feud, the entertaining subject of comic strips, popular songs, movies, and television, has long been a part of American folklore and legend. Ironically, the extraordinary endurance of the myth that has grown up around the Hatfields and McCoys has obscured the consideration of the feud as a serious historical event. In this study, Altina Waller tells the real story of the Hatfields and McCoys and the Tug Valley of West Virginia and Kentucky, placing the feud in the context of community and regional change in the era of industrialization. Waller argues that the legendary feud was not an outgrowth of an inherently violent mountain culture but rather one manifestation of a contest for social and economic control between local people and outside industrial capitalists: the Hatfields were defending community autonomy while the McCoys were allied with the forces of industrial capitalism. Profiling the colorful feudists Devil Anse Hatfield, Old Ranel McCoy, Bad Frank Phillips, and the ill-fated lovers Roseanna McCoy and Johnse Hatfield, Waller illustrates how Appalachians both shaped and responded to the new economic and social order. *Read On...History* Tina Frolund, 2013-10-21. Make history come alive. This book helps librarians and teachers as well as readers themselves find books they will enjoy, titles that will animate and explain the past, entertain and expand their minds.
