Scalia, 2025-07-08 A discussion of 13 works of literary fiction in the context of their relevance to conservative beliefs Great novels are a remarkable confluence of complex characters powerful storytelling and beautiful language They ask important questions and explore major ideas that can reflect a culture and shape it Yet if you talk to right of center readers about literary fiction that considers ideas of particular interest to conservatives they tend to mention the same handful of books They neglect greatness from across the centuries hardly a conservative thing to do Christopher J Scalia s 13 Novels Conservatives Will Love but Probably Haven t Read helps anyone interested in conservatism both restock their fiction shelves and better understand a great intellectual tradition A former English professor and a widely published critic and opinion writer Scalia discusses outstanding works of fiction by anglophone writers from Samuel Johnson to Zora Neale Hurston Nathaniel Hawthorne to P D James Willa Cather to Walter Scott These novels explore topics like national identity tradition religion human nature and many more without descending into simplistic propaganda Scalia connects the themes of great works spanning four centuries to the insights of such thinkers as Edmund Burke William F Buckley Roger Scruton Michael Oakeshott Gertrude Himmelfarb and Russell Kirk Engaging insightful and funny 13 Novels Conservatives Will Love but Probably Haven t Read introduces readers to great literature and teaches them about principles central to conservativism The Journalist in British Fiction and Film Sarah Lonsdale, 2016-07-14 Why did Edwardian novelists portray journalists as swashbuckling truth seeking super heroes whereas post WW2 depictions present the journalist as alienated outsider Why are contemporary fictional journalists often deranged murderous or intensely vulnerable As newspaper journalism faces the double crisis of a lack of trust post Leveson and a lack of influence in the fragmented internet age how do cultural producers view journalists and their role in society today In The Journalist in British Fiction and Film Sarah Lonsdale traces the ways in which journalists and newspapers have been depicted in fiction theatre and film from the dawn of the mass popular press to the present day The book asks first how journalists

were represented in various distinct periods of the 20th century and then attempts to explain why these representations vary so widely This is a history of the British press told not by historians and sociologists but by writers and directors as well as journalists themselves In uncovering dozens of forgotten fictions Sarah Lonsdale explores the bare knuckled literary combat conducted by writers contesting the disputed boundaries between literature and journalism Within these texts and films there is perhaps also a clue as to how the best aspects of Fourth estate journalism can survive in the digital age Authors covered in the volume include Martin Amis Graham Greene George Orwell Pat Barker Evelyn Waugh Elizabeth Bowen Arnold Wesker and Rudyard Kipling Television and films covered include House of Cards US and UK versions Spotlight Defence of the Realm Secret State and State of Play The Cambridge History of the Australian Novel David Carter, 2023-07-27 The Cambridge History of the Australian Novel is an authoritative volume on the Australian novel by more than forty experts in the field of Australian literary studies drawn from within Australia and abroad Essays cover a wide range of types of novel writing and publishing from the earliest colonial period through to the present day The international dimensions of publishing Australian fiction are also considered as are the changing contours of criticism of the novel in Australia Chapters examine colonial fiction women s writing Indigenous novels popular genre fiction historical fiction political novels and challenging novels on identity and belonging from recent decades not least the major rise of Indigenous novel writing Essays focus on specific periods of major change in Australian history or range broadly across themes and issues that have influenced fiction across many years and in many parts of the country

The Undeclared War between Journalism and **Fiction** D. Underwood, 2013-09-25 In this volume Doug Underwood asks whether much of what is now called literary journalism is in fact literary and whether it should rank with the great novels by such journalist literary figures as Twain Cather and Hemingway who believed that fiction was the better place for a realistic writer to express the important truths of The American Educational Review .1910 The Novels of Charles Lever: The fortunes of Glencoe; illus. by life **E.I. Wheeler** Charles James Lever, 1895 Foreign Correspondents and International Newsgathering Colleen Murrell,2014-11-27 This book reveals that fixers local experts on whom foreign correspondents rely play a much more significant role in international television newsgathering than has been documented or understood Murrell explores the frames though which international reporting has traditionally been analysed and then shows that fixers who have largely been dismissed by scholars as logistical aides are in fact central to the day to day decision making that takes place on the road Murrell looks at why and how fixers are selected and what their significance is to foreign correspondence She asks if fixers help introduce a local perspective into the international news agenda or if fixers are simply People Like Us PLU Also included are in depth case studies of correspondents in Iraq and Indonesia Novels and Romances of Charles Lever: Dodd family abroad. Horace Templeton Charles Lever, 1904 Foreign News Ulf Hannerz, 2012-04-26 Foreign News gives us a fascinating behind the scenes look into the practices of the global tribe we call foreign correspondents Exploring how they

work Ulf Hannerz also compares the ways correspondents and anthropologists report from one part of the world to another Hannerz draws on extensive interviews with correspondents in cities as diverse as Jerusalem Tokyo and Johannesburg He shows not only how different story lines evolve in different correspondent beats but also how the correspondents home country and personal interests influence the stories they write Reporting can go well beyond coverage of a specific event using the news instead to reveal deeper insights into a country or a people to link them to long term trends or structures of global significance Ultimately Hannerz argues that both anthropologists and foreign correspondents can learn from each other in their efforts to educate a public about events and peoples far beyond our homelands. The result of nearly a decade s worth of work Foreign News is a provocative study that will appeal to both general readers and those concerned with globalization The Foreign in International Crime Fiction Jean Anderson, Carolina Miranda, Barbara Pezzotti, 2012-06-14 The foreigner is a familiar character in popular crime fiction from the foreign detective whose outsider status provides a unique perspective on a familiar or exotic location to the xenophobic portrayal of the criminal other Exploring popular crime fiction from across the world The Foreign in International Crime Writing examines these popular works as transcultural contact zones in which writers can tackle such issues as national identity immigration globalization and diaspora communities Offering readings of 20th and 21st century crime writing from Norway the UK India China Europe and Australasia the essays in this book open up new directions for scholarship on crime writing and transnational literatures

1854 56 and the Great War 1914 18 are re evaluated The use of objectivity as the yardstick by which to assess the performance of war correspondents is questioned The emphasis is instead placed on war as a messy business which confronts reporters and photographers with conditions that challenge the norms of professional practice References to the demise of the war correspondent have accompanied the growth of the specialism since the days of William Howard Russell the so called father of war reporting This highlights the fragile nature of this sub genre of journalism and emphasises that continuity as much as change characterises the work of the war correspondent A thematically organised historically rich introduction this book is ideal for students of journalism media and communication Foreign Correspondents in Japan Charles Foreign Corresponden, 2011-09-13 Since its founding in 1945 the Foreign Correspondents Club of Japan FCCJ has been a haven for working journalists From its origins at No 1 Shimbun Alley in the ruins of Tokyo immediately after World War II the club quickly took on a life of its own At times it became like a miniature United Nations meeting the needs of hundreds of foreign journalists from around the world who used it as a working press center as well as a social oasis Club members who include several Pulitzer Prize winners have personally witnessed and reported on some of the most momentous events of the last half century the end of World War II and the occupation of Japan the revolution in China the Korean War Vietnam and the student riots of the 1960s the height of the Cold War Japan's economic miracle and the subsequent collapse of the bubble economy the death of Emperor Hirohito and much more Foreign Correspondents in Japan gives an intimate and colorful look at these journalists who covered Asia for the rest of the world during five decades of sweeping change and **Matrix** .1928 provides first person accounts of history as it was being written The Novels, Romances and Writings of Alphonse Daudet Alphonse Daudet, 1900 Novels and Tales by the Earl of Beaconsfield Disraeli,1882
