Network World ,1992-01-13 For more than 20 years Network World has been the premier provider of information intelligence and insight for network and IT executives responsible for the digital nervous systems of large organizations Readers are responsible for designing implementing and managing the voice data and video systems their companies use to support everything from business critical applications to employee collaboration and electronic commerce **Ray Tracing:**

A Tool for All Jon Peddie,2019-08-08 This is the first book to offer a comprehensive overview for anyone wanting to understand the benefits and opportunities of ray tracing as well as some of the challenges without having to learn how to program or be an optics scientist It demystifies ray tracing and brings forward the need and benefit of using ray tracing throughout the development of a film product or building from pitch to prototype to marketing Ray Tracing and Rendering clarifies the difference between conventional faked rendering and physically correct photo realistic ray traced rendering and explains how programmer s time and backend compositing time are saved while producing more accurate representations with 3D models that move Often considered an esoteric subject the author takes ray tracing out of the confines of the programmer s lair and shows how all levels of users from concept to construction and sales can benefit without being forced to be a practitioner It treats both theoretical and practical aspects of the subject as well as giving insights into all the major ray tracing programs and how many of them came about It will enrich the readers understanding of what a difference an accurate high fidelity image can make to the viewer our eyes are incredibly sensitive to flaws and distortions and we quickly disregard things that look phony or unreal Such dismissal by a potential user or customer can spell disaster for a supplier producer or developer If it looks real it will sell even if it is a fantasy animation Ray tracing is now within reach of every producer and marketer and at prices one can afford and with production times that meet the demands of today s fast world
