Change a Life, Change your Own Peter Ove,2018-06-11T00:00:00Z

Change a Life Change Your Own is a long overdue adult discussion about how child sponsorship a spectacularly successful fundraising tool infantilizes both donor and recipient turning good intentions into paternalism and reinforcing stereotypical Western ideas about helplessness and hopelessness in developing countries Ian Smillie author of The Charity of Nations Freedom from Want and Diamonds Change a Life Change Your Own For less than a dollar a day For the cost of one coffee a day With these slogans and their accompanying images of poor children some of the world s largest development organizations invite the global North to engage in one of their most prominent and successful fundraising techniques child sponsorship But as Peter Ove argues in Change a Life Change Your Own child sponsorship is successful not because it addresses the needs of poor children but because it helps position what it means to live ethically in an unequal and unjust world In this way child sponsorship is seen as more than an effective marketing tool it is a powerful mechanism for spreading particular ideas about the global South the global North and the relationship between the two Through sponsorship the

desire to raise money secure appropriate childhoods and become better people ends up taking priority over the goal of living together well on a global scale Drawing on in depth interviews with child sponsors and sponsorship staff Change a Life Change Your Own explores the contexts in which sponsorship promotional material is produced interpreted and acted upon This is not an expos on the use of sponsorship dollars or high administrative costs it is a clearly written and compelling account of how the problem of development is constructed such that child sponsorship is seen to be a rational and ethical solution *Collaborative Grantseeking* Jeremy T. Miner,Jerry Griffith,2011-02-01 This book offers a detailed analysis of the strategies and methodologies of successful collaborative grant writing as well as practical guidance on the interpersonal leadership requirements of managing grantseeking projects As it becomes increasingly difficult to obtain public or private funding collaboration may become absolutely vital to some nonprofits continued existence Effective grant collaborations always comprise a critical attribute they are led by individuals who not only understand the benefits and barriers affecting collaborations but are highly skilled in managing them This reference text explains the nature of the collaboration and a critical examination of the role of the grant leader giving nonprofit fundraisers a competitive edge in collaborative grantseeking especially for those individuals without previous experience in this complicated arena No other book comprehensively explains every step in a successful collaborative grantseeking effort nor provides real world strategies and proven practices Readers of Collaborative Grantseeking A Guide to Designing Projects Leading Partners and Persuading Sponsors will also better grasp the humanistic aspects of designing and leading successful collaborative projects and be able to write more persuasive proposals **Rocky Mountain Druggist** ,1928 **The Sporting News** ,1976
