**How to Start a Cleaning Business** Maxwell Rotheray, Many people don't like to be

called cleaners but then many people don't get paid to scrub floors and wash carpets and clean windows. The commercial cleaning business can be profitable, flexible, and can grow quickly, making it a great home business preference if you key into the right path. Professional Cleaning Business has the tendency of lower up-front costs than other businesses, and this is one of the few businesses you can begin working on immediately with little capital investment and start making profit. Formal training or certifications are not necessarily required for typical home and office cleaning. For those that have a high level of work ethic and customer demeanor, the cleaning business can be a lucrative and rewarding experience. The following are the reasons why you should try your hand in commercial cleaning business:

- i Constant Market: Businesses need their offices cleaned whether in a good economy or a bad one if it wants to keep a professional and clean environment. Commercial cleaning maintains a steady market with steady demand.
- ii Simple Service Offering: Whether an entrepreneur decides to tap from an existing franchise model or build it from the scratch, what businesses need is fairly similar across the board, such as emptying wastebaskets, cleaning bathrooms, dusting tables and chairs, washing toilets, and the typical sweeping and mopping.
- iii Business Is Stable: Commercial cleaning is a continuing service business. This means that companies and other businesses need the service regularly, which brings in steady business for you as well as a secure regular income.
- iv Entry Level Workforce: The good thing about it is that your employees don't need formal education or training, so you don't have to spend money on expensive training or recruiting costs.
- v Overhead is low: Outside of cleaning supplies and other essentials, someone interested in a commercial cleaning franchise doesn't have to commit a lot of cash to buy cleaning equipment, such as vehicles or inventory.

This book is a complete guide for starting a cleaning business with unpopular strategies for maximizing profit with minimum cost. It also provides tips on determining the right location for a successful and flourishing business. More facts and strategies are explained in this book to help you start your own commercial cleaning business without sweat.
