## **Panzer General Manual:**

Panzer General Kenneth Macksey, 2018-02-06 Kenneth Macksey's highly regarded biography of Generaloberst Heinz Guderian gives clear insight into the mind and motives of the father of modern tank warfare. Panzer General shows Guderian as a man of ideas equipped with the ability to turn inspiration into reality. A master of strategy and tactics, he was the officer most responsible for creating blitzkrieg in World War II. Guderian built the Panzerwaffe in the face of opposition from the German General Staff and personally led the lightning campaigns by tanks and aircraft that put a large part of Europe under domination by the Third Reich. Kenneth Macksey, a tank man himself for more than twenty years, reveals the man as a brilliant rebel in search of ideals and a general whose personality, genius, and achievements far transcended those of Rommel. As well as throwing light on the crucial campaigns in Poland, France, and Russia, this biography illuminates the struggles within the German hierarchy, both in the military and in the Nazi Party, for control of the Panzer forces. Based on information from the extensive family archives, Panzer General demonstrates why Guderian was so admired by some while denigrated by others.

understanding of German cultural and intellectual history over the past century. **Wargames Handbook** James F. Dunnigan, 2000. Describes origins of commercial wargames as well as how to play and design them. Parameters, 1992

*The Royal Armoured Corps Journal*, 1956. Command or Control? Dr Martin Samuels, Martin Samuels, 2013-11-05. This is a comparative study of the fighting systems of the British and German armies in The Great War. Taking issue with revisionist historians, Samuels argues that German success in battle can be explained by their superior tactical philosophy. The book provides a fascinating insight into the development of infantry tactics at a seminal point in the history of warfare.

*The Software Encyclopedia 2000* Bowker Editorial Staff, 2000-05. Guderian's Panzers Craig W.H. Luther, 2025-09-16. Military historian Craig Luther draws on new material from letters to diaries to tell the story of General Heinz Guderian's armored force during Operation Barbarossa and fleshes out the story with vivid firsthand accounts from the soldiers who slugged it out with the Red Army on the Eastern Front. **Warfare in Europe 1919-1938** Geoffrey Jensen, 2017-05-15.

Although ostensibly a time of peace, one of the richest and most fascinating periods in military history falls between the two world wars. With good reason, even today military theorists look to these years for relevant lessons. The articles and papers collected together in this volume highlight the major themes and developments of interwar military affairs in Europe, including the new doctrines of tank warfare, air power, German Blitzkrieg, and Soviet operational art. They also demonstrate the important place of the major armed conflicts of the period, such as the Russian and Spanish Civil Wars, in European history.
