Books in Motion Julie Dietzel-Glair, 2013-04-09 Librarians and educators can shake up storytimes, help children stay healthy, and encourage a lifelong love of reading with Dietzel-Glair's easy-to-use resource. Demonstrating exactly how to use children's books to engage preschool-age children through movement, it's loaded with storytimes that will have children standing up tall, balancing as they pretend to walk across a bridge or even flying around the room like an airplane. Presenting hundreds of ideas, this all-in-one book is divided into six sections: Art spotlights titles that are natural hooks for art or craft activities; alongside ideas on how to create art just like the character in the story, while an appendix includes art patterns that can be used as coloring sheets; Games includes searching games, follow the leader games, and guessing games to enhance the books in this section; Movement features books that kids can jump, stomp, clap, chomp, waddle, parade, wiggle, and stretch with; Music chooses books perfect for activities like shaking a maraca, singing, dancing between the pages, and creating new sound effects; Playacting lets kids pretend along with the characters in these books, whether it's washing their face, swimming with fish, or hunting a lion. Props encourages storytime leaders to bring out their puppets, flannelboard pieces, and scarves; these books have enough props for everyone in the program to have a part. Each chapter includes as much instruction as possible for a wide range of motions. Pick and choose the amount of movement that is right for your storytime crowd, or do it all.
