*The Storytime Handbook* Nina Schatzkamer Miller, 2014-01-27 Fresh fun ideas for children's storytime fill this book. The author, a long-time storytime facilitator, has put together 52 weekly themes plus additional plans for holidays, all with detailed instructions for talking about the theme and choosing the books, crafts, songs, poems, games, and snacks. Each storytime idea is illustrated with photographs of a suggested craft and snack for easy reference. Libraries, bookstores, preschools, and parents alike can use this book to offer themed storytimes that include discussion, literature, art, music, movement, and food. Options are provided for each storytime so the ideas can be used year after year. Martha Stewart's Favorite Crafts for Kids Editors of Martha Stewart Living, 2013-06-18 Martha Stewart's Favorite Crafts for Kids focuses on craft projects that children aged three to twelve can make with their parents. These projects are fun yet serve a practical purpose: children can wear, decorate, and play with what they make. Filled with ideas for a range of ages, skill levels, and interests, this book lets children's creativity run wild while creating precious memories as parents and kids learn and create as a team. Storytimes for Two-Year-Olds Judy Nichols, 2007 Provides fifty storytime programs for two-year-olds, including ideas and suggestions for storytime content and encouragement to serve this age group. **Toddler Storytimes II** Diane Briggs, 2008 School Library Journal With 25 theme-based chapters, this is a handy resource. Each theme includes book recommendations (often 10 or more), with a nice mixture of classic and newer titles, and a suggestion to choose two or three per session. Words and instructions for fingerplays, rhymes, and songs are provided, while a discography provides melody sources for all songs. Each theme includes a flannel board activity complete with reproducible patterns and brief directions on how to present the story or song on the board. Safe and simple craft ideas are presented as optional activities. Activities are listed by type rather than in an ordered list so tellers can pick, choose, and order according to individual style and preference. An introduction provides tips and rationale for all of the types of activities. A couple of sentences note the potential impact on brain development and early literacy skills, but the focus is on the activities themselves. Strategies for sharing early literacy information with parents and caregivers are not addressed. Judy Nichols's *Storytimes for Two Year Olds* (ALA 2007) and Linda L. Ernst's *Baby Rhyming Time* (Neal Schuman 2008) provide more comprehensive looks at all aspects of storytime planning and presentation. This update of Briggs's *Toddler Storytime Programs* (Scarecrow 1993) will be most useful as a resource for programming ideas and fleshing out themes. **A Box Full of Tales** Kathy MacMillan, 2008-04-14 In Maryland's Carroll County, story boxes have made this impossible dream come true for twenty years. Now MacMillan, writer, storyteller, and former children's librarian, outlines the proven story box system for sharing an array of successful programs. Story boxes offer a simple method for capturing ideas, talent, creativity, and resources available in your library. Including step-by-step instructions from concept through implementation, and supplemented by programming tips, *A Box Full of Tales* also offers detailed plans for fifty great story boxes, including suggested books, fingerplays, songs, props, crafts, and sign language. From ah-choo to antlers, from monkey business to zoo.

escapes A Box Full of Tales is an easy way to offer winning stress free library programs for children without the headaches and the hassles You can make the impossible happen when you share resources with story boxes
