## **Paper Source Job Review:**

**Comparable Worth** National Research Council, Commission on Behavioral and Social Sciences and Education, Committee on Women's Employment and Related Social Issues, 1985-02-01 Comparable worth equal pay for jobs of equal value has been called the civil rights issue of the 1980s This volume consists of a committee report that sets forth an agenda of much needed research on this issue supported by six papers contributed by eminent social scientists The research agenda presented is structured around two general themes 1 occupational wage differentials and discrimination and 2 wage adjustment strategies and their impact The papers deal with a wide range of topics including job evaluation social judgment biases in comparable worth analysis the economics of comparable worth and prospects for pay equity Bubble Gum Badge Patrick Stone, 2011-07-22 Contents Chapter 1 The Journey begins Chapter 2 Food work Chapter 3 BIMO Training Chapter 4 BIMO Inspections Chapter 5 International BIMO Inspections Chapter 6 Official Action Indicated OAI Work Chapter 7 Electronic Records Review Chapter 8 Regional District Management Issues Preface A few years ago I put together a collection of my thoughts regarding the US FDA and my personal experiences over 13 years as a field investigator in Texas Since then I have had the opportunity to experience a world of new opportunities as a consultant so I thought it was time to revisit the Bubblegum Badge world Along with a few colleagues I have added several new sections and have tightened up some of the language and phrasing It is as with everything in life still a work in progress As I said in the first edition of this book I don't intend this book to be either a roasting or a toasting I hope what it will do is provide a glimpse of what the FDA does well and what it needs to improve on as evidenced by audit reports from the Health and Human Services HHS Office of Inspector General OIG The name Bubble Gum Badge by no means suggests a weak or ineffective organization rather it is something my friend from the Imports Division stated during a happy hour we were at in 1999 He put it this way If you think that gold FDA badge is going to get you out of trouble son you are wrong Its a Bubble Gum Badge and is more trouble than you have ever known Thankfully I did not get into any real trouble as a young man with a great responsibility to protect and serve There are many ways to keep harmful products from the US market and some of which take longer than the proverbial slow boat to China I was a frontline grunt out in the field conducting the FDA business of the day Those twelve years and eight months were some of the most challenging and rewarding moments any one person could ask for When you sit down to eat today or see your family member take their medications or go into surgery you can rest assured that at least one of the FDAs finest had at some point in the products life cycle taken a look to see if it passed inspection FDA does the work that is most taken for granted and expected as a given by the US public Your tax dollars were always hard at work when I was on the job even though it may not have always appeared that way I would like to thank the FDA for taking me around the world and giving me the best training anyone can ask for in this quality assurance QA business on the job training FDA needs your help and more regulatory authority for biologics drugs and devices Only Congress can grant more FDA authority and budget

battles seem to be the mainstay Most of the information I reference comes from the public domain site [www.fda.gov](http://www.fda.gov) The FDAs mission is too important not to be modernized supported and innovated FDA falling behind in modernization would mean lives at risk globally The oversight of our global health market is waiting If you want it and qualify your official gold FDA badge is waiting for you FDA has mine in a vault next to my government international passport I have my old decommissioned one Anyone reading this book can be an FDA Consumer safety officer CSO investigator Trust me when I say sixty semester hours of accredited college science and some luck on the computer lottery [usaJobs opm gov](http://usaJobs.opm.gov) and youre in I would suggest higher than a Bachelor of Science education for entry into bioresearch monitoring As an ex FDA recruiter and mentor to many new hire FDA field investigators I would say a graduate degree or higher also assures your entry to drug and device program field work So take a look behind the kitchen Pharmacy and hospital operation room doors with me Thank you global health providers and professionals all of you Thank you health care receivers all of you without you there would be no need for health care products I think that includes everyone in the world Thank you for your time and for coming along to take a microscopic view into one of the most unsung agencies FDA has very little glitz or glamour and I hope you find something you find interesting in this book
