The Slightly Awesome Teacher Dominic Salles, 2016-08-15 Most books on teaching ask teachers to be inspirational to operate at 100 miles an hour with creativity oozing out of every pore Dominic Salles says that's unsustainable But you can get brilliant results using some simple practices taken from the myriad of educational research on classroom practices It isn't a guide to all the extra stuff you should do to become cool and awesome It is a book that will get you to forget about teaching and think about learning another way of saying it will help you to stop stressing about what you do and get the students to work harder and smarter at what they do Dominic Salles believes that every teacher can be slightly awesome And here he shows you how

Policies and Pedagogies of Canadian Offshore Schools Fei Wang, André Elias Mazawi, 2024-07-08 This book critically examines the international geopolitical policy institutional and curricular challenges facing Canadian offshore school programs Bringing together scholars and practitioners concerned with addressing the pedagogical organizational curriculum and policy aspects of this transnational mode of schooling it represents a ground breaking exploration of K 12 offshore schools within the wider contexts of global geopolitics and forms of soft power The book examines the vulnerability that arises from having to manoeuvre political social geopolitical and economic policy simultaneously in both the host and home licencing countries It delves into conflicts within the context of neoliberal economic agendas neocolonial and geopolitical interests and social class reproduction within host countries The book is the first scholarly space that questions how international educational initiatives are affected by emerging global threats such as the recent Covid pandemic Additionally it unpacks the question of citizenship and its intersections with social class immigration and sociocultural dynamics It explores how these intersections forge new paths not only to mobility but also to new configurations of power and new spaces of politics and identity With a range of reflexive empirical and theoretical contributions that cover every aspect of offshore schools the book reassesses the trope of globalization dominated by Eurocentric perspectives It decompartmentalizes diverse perspectives and insights on the internationalisation of schooling opportunities and provides an overview of the challenges and possibilities open to offshore schools in different cultural contexts making it the first comprehensive body of research on this type of schooling This book will be of great value to researchers faculty scholars and postgraduate students working across international and comparative education It will be particularly useful to those interested in the intersections between education and geopolitically situated forms of soft power
