Parade Of Misfits English Edition:

Parade's End: The Complete Tetralogy Madox Ford, 2023-12-05 *Parade's End: The Complete Tetralogy* is a masterful exploration of the shifting social and political landscapes during the tumultuous years leading up to and including World War I. Through the profound and intricate narrative style that blends modernist techniques with traditional storytelling, Madox Ford delves into the complexities of marriage, duty, and identity. The tetralogy comprises four interrelated novels that vividly portray the psychological turmoil of its protagonist, Christopher Tietjens, as he navigates the expectations of Edwardian society and the harrowing experiences of war, all punctuated by rich, poignant dialogue and multi-layered characterizations. Madox Ford, a prominent literary figure and a contemporary of figures such as Joseph Conrad and Ezra Pound, was deeply influenced by his experiences as a soldier and his observations of societal changes during his lifetime. This tetralogy reflects Ford's own struggles with the ideals of honor and masculinity, as well as his critique of the class structures of early 20th-century England. His unique blend of personal and political narratives draws upon his own engagement with the themes of love, betrayal, and the fragile nature of human relationships. For readers interested in a profound examination of human resilience and the impact of historical events on individual lives, *Parade's End* is an indispensable literary work.
