Paradox Lost Their Path Volume 1:

The Walking Paradox (Volume 1) Gourav Ravi Garg, 2024-10-30 In a world where wars are no longer certain John a reclusive billionaire and reluctant hero discovers that the key to preventing an impending global catastrophe may lie in an artifact known only as the Material It is rumored to be the catalyst for an upcoming world war and for John it holds an even more personal significance it might just lead him to the truth about his parents mysterious disappearance His only option is a high risk gamble travel back in time to uncover the origins of the package and its connection to his family's legacy But the journey doesn't go as planned As John ventures into the past he quickly realizes he's caught in a web of deception that spans multiple realities The material initially his only objective reveals clues that point toward his parents involvement in covert experiments that tampered with the boundaries of time itself His mission grows more urgent as he learns that tampering with the past has already fractured the trajectories causing several key realities to develop distinctively Each trajectory holds a critical piece of the puzzle but each is also guarded by powerful entities with their own agendas In these alternate realities John is more than a visitor he is a player in a high stakes game where he faces distorted versions of familiar faces and encounters foes who seem to know his every move As he delves deeper the boundaries between past and future fade pulling him into a relentless cycle of betrayal violence and shocking revelations One trajectory holds the introduction of the package wrapped in impeccable conspiracies whereas another reveals a future probably devastated by the world war John was desperate to prevent a bleak reality where he is both a savior and a fugitive As the stakes rise John's own personality shifts taking on darker traits as he adopts the ruthlessness needed to survive each new threat He grapples with versions of himself who have seen and done things he can barely imagine These alternate selves possess a brutal clarity showing John just how far he might be willing to go in the name of answers The further he travels the more the lines between his identity and these violent doppelgangers blur casting doubt on his own motives and driving him to question his sanity With each jump John inches closer to the mission and to the terrible power hidden within the material But his repeated meddling has destabilized the trajectories leading to the introduction of the more dynamic and violent characters putting all realities at risk of collapse Here John confronts the most shattering revelation yet his parents may have sacrificed everything not to protect him but to prevent the very future he is trying to create Torn between the need to uncover the truth and the desire to end the cycle of chaos John is forced to make an impossible choice Will he cling to his own reality and risk the destruction of all timelines or will he give up his quest to save a future that may never truly belong to him The Walking Paradox Volume 1 is a thrilling odyssey through time and identity where a man's search for truth unlocks forces beyond his control With every timeline John's choices grow darker his enemies closer and his loyalty to his own reality more questionable It's a complex narrative of betrayal survival and the ultimate quest for redemption in a world fractured by ambition and greed As John races against time itself he learns that sometimes the greatest battle is with the versions of ourselves we could have been and the realities
