

My Special Place

Essential Question: The children will write a descriptive story about a special place they have visited.

Description of Activity:

After reading the story, *Go! Somewhere Special*, by Patricia C. McKissack and Jerry Pinkney, the children will write a descriptive story about their "somewhere special." Some questions to be addressed will be, 1) what is your special place; 2) why is this place important to you; and 3) how would you describe this place to someone who never saw it before?

Schoolyard-Enhanced Learning Herbert W. Broda, 2023-10-10. Schoolyard Enhanced Learning Using the Outdoors as an Instructional Tool. K-8 shows how the school grounds, regardless of whether your school is in an urban, suburban or rural setting, can become an enriching extension of the classroom. In this comprehensive handbook, Herb Broda blends theory and practice, providing readers with practical suggestions and teacher-tested activities for using the most powerful audio-visual tool available: the outdoors. Emphasizing the practical, this innovative book offers teachers step-by-step guidance to help ensure success when they take a class outside. It provides background that helps present the case for outdoor learning, educational theory that supports the concept, overview of the terminology, research on the benefits related to student achievement, alignment of outdoor learning with current teaching practices, ideas for making the schoolyard an effective outdoor classroom, the planning process, enhancing and maintaining the site, developing gardens and attracting wildlife, finding community resources and funding, advice on working with a class outdoors, garnering administrative and parental support, considerations before going out, making the most of your outdoor time, using GPS as an educational tool, building on the outdoor experience back in the classroom, an array of proven activities that utilize the schoolyard, activities related to specific subject areas, activities that teach process skills, activities that encourage initiative and build community. At a time when children's natural curiosity about the outdoors is eclipsed by the demands of busy schedules and the ever-present glow of video screens, schools may be the only place where they are encouraged to interact with nature. Schoolyard Enhanced Learning can help teachers unlock the powerful learning experiences that exist just beyond the classroom door.

The UN Convention on the Rights of Persons with Disabilities Ilias Bantekas, Michael Ashley Stein, Dimitris Anastasiou, 2018-10-25. This treatise is a detailed article-by-article examination of the United Nations Convention on the Rights of Persons with Disabilities (CRPD). Each article of the CRPD contains a methodical analysis of the preparatory works followed by an exhaustive examination of the contents of each article based on case law and concluding observations from the CRPD Committee, judgments from national and international courts and tribunals, pertinent UN and other reports, the key literature on the article under review. The volume features commentary from a broad range of scholars across a variety of disciplines in order to provide a comprehensive study of the legal, psychological, education, sociological and other aspects of the CRPD. This encyclopaedic commentary on the CRPD effectively covers all the

issues arising from international disability law and practice and will be an ideal resource for all working in the field *New Log On To Computers* □ 6 Manjeet Jauhar , Meera Aggarwal, *New Log On To Computers* Revised series consists of eight thoroughly revised and updated textbooks for classes 1-8. The Cowboy Crossroad Pasquale De Marco, 2025-04-12. The Cowboy Crossroad is a unique and fascinating place that has played an important role in the history of the American West. It is a place where cowboys and cowgirls from all over the country come together to compete in rodeos, buy and sell cattle and share stories about their lives on the range. The Cowboy Crossroad is also a place of great beauty with rolling hills, lush meadows and sparkling rivers. It is a place that is steeped in history and tradition and it is a place that continues to play an important role in the lives of cowboys and cowgirls today. This book is a celebration of the Cowboy Crossroad. It is a book that tells the stories of the cowboys and cowgirls who live and work in this special place. It is a book that explores the history of the Cowboy Crossroad and the role it has played in the development of the American West. It is a book that celebrates the culture of the Cowboy Crossroad and the values that are important to cowboys and cowgirls. In this book you will learn about the different types of cowboys and cowgirls who work on ranches and participate in rodeos. You will learn about the skills that cowboys and cowgirls need to succeed in their work. You will learn about the challenges that cowboys and cowgirls face on a daily basis. And you will learn about the rewards that cowboys and cowgirls find in their work. The Cowboy Crossroad is a place of opportunity, a place where people can come to build a new life for themselves. It is a place of community, a place where people can come together to share their stories and their experiences. And it is a place of hope, a place where people can come to dream of a better future. The Cowboy Crossroad is a special place and this book is a testament to its beauty, its history and its people. This book is a must read for anyone who is interested in the American West, in cowboys and cowgirls or in the history of the United States. It is a book that will inform, entertain and inspire you. It is a book that you will never forget. If you like this book, write a review on Google Books.

The Law of Geographical Indications Bernard O'Connor, 2004. Over time a product made in a specific place can develop a unique reputation. This reputation is often due to special characteristics present in the place, its people, its climate and its landscape. There are thousands of examples. In the food and drinks sector there are fruits and

vegetables wines cheeses and cured meats Champagne Cheddar Parma ham and Tipperary turnips In manufacturers there are Persian carpets Murano glass Toledo steel and Japanese electronics Should all these reputations be protected by law and if so how This book The Law of Geographical Indications addresses these questions The book examines what names can and cannot be protected in national and international law and the nature of the protection given In the last years there has been a rapid expansion of the protection given to geographical indications The book looks at the specific systems adopted in some countries and the general systems in others Protection is most developed in Europe and specific attention is given to the rules in the European Union and the bilateral agreements the EU has forged with many third countries The book also examines protection in international law from the 1883 Paris Convention on the protection of intellectual property in general to the more recent TRIPs Agreement in the WTO Also examined are the two most controversial legal issues surrounding the protection of geographical indications namely conflicts between trademarks and geographical indications and the generic character of certain names
