**The Singh Sabha and Other Socio-religious Movements in the Punjab, 1850-1925** Ganda Singh, 1997 The Social Space of Language Farina Mir, 2010-07-04 This rich cultural history set in Punjab examines a little studied body of popular literature to illustrate both the durability of a vernacular literary tradition and the limits of colonial dominance in British India Farina Mir asks how qisse a vibrant genre of epics and romances flourished in colonial Punjab despite British

efforts to marginalize the Punjabi language She explores topics including Punjabi linguistic practices print and performance and the symbolic content of qisse She finds that although the British denied Punjabi language and literature almost all forms of state patronage the resilience of this popular genre came from its old but dynamic corpus of stories their representations of place and the moral sensibility that suffused them Her multidisciplinary study reframes inquiry into cultural formations in late colonial north India away from a focus on religious communal identities and nationalist politics and toward a widespread ecumenical and place centered poetics of belonging in the region

*Politics of Desecularization* Sadia Saeed, 2017-01-19 The movement away from secularist practices and toward political Islam is a prominent trend across Muslim polities Yet this shift remains under theorized Why do modern Muslim polities adopt policies that explicitly cater to religious sensibilities How are these encoded in law and with what effects Sadia Saeed addresses these questions through examining shifts in Pakistan's official state policies toward the rights of religious minorities in particular the controversial Ahmadiyya community Looking closely at the Ahmadi question Saeed develops a framework for conceptualizing and explaining modern desecularization processes that emphasizes the critical role of nation state formation political majoritarianism and struggles between secularist and religious ideologues in evolving political and legal fields The book demonstrates that desecularization entails instituting new understandings of religion through processes and justifications that are quintessentially modern
