Neo-Victorian Humour ,2017-06-06 This volume highlights humour s crucial role in shaping historical re visions of the long nineteenth century through modes ranging from subtle irony camp excess ribald farce and aesthetic parody to blackly comic narrative games It analyses neo Victorian humour s politicisation its ideological functions and ethical implications across varied media including fiction drama film webcomics and fashion Contemporary humour maps the assumed distance between postmodernity and its targeted nineteenth century referents only to repeatedly collapse the same in a seemingly self defeating nihilistic project This collection explores how neo Victorian humour generates empathy and effective socio political critique dispensing symbolic justice but also risks recycling the past s invidious ideologies under the politically correct guise of comic debunking even to

the point of negating laughter itself This rich and innovative collection invites us to reflect on the complex and various deployments of humour in neo Victorian texts where its consumers may wish at times that they could swallow back the laughter a scene or event provokes It covers a range of approaches to humour utilised by neo Victorian writers dramatists graphic novelists and filmmakers including the deliberately and pompously unfunny the traumatic the absurd the ribald and the frankly distasteful producing a richly satisfying anthology of innovative readings of canonical neo Victorian texts as well as those which are potential generic outliers The collection explores what is funny in the neo Victorian and who we are laughing at the Victorians as we like to imagine them or ourselves in ways we rarely acknowledge This is a celebration of the parodic playfulness of a wide range of texts from fiction to fashion whilst offering a trenchant critique of the politics of postmodern laughter that will appeal to those working in adaptation studies gender and queer studies as well as literary and cultural studies more generally Prof Imelda Whelehan University of Tasmania Australia *AMETHYST - PaperDoll Lyric*

Nobody's Rag Doll Kate Swift, 2011-06-01 Description This book takes you into the centre of my childhood and shows you how everything is not always what it seems To the outside world we were a normal family and that is just how my mother liked it to appear But behind the closed front door was drinking abuse addiction violence and for a time a man who posed as a family friend in order to gain access to the boys I take you from my childhood through my teens and on the very rocky journey of my healing from the past I share with you my innermost thoughts during some of the most difficult times of my life so far This book gives you an insight into a victim of child abuse working her way through to becoming a survivor Along the journey I too fell into relationships where domestic violence was common place and I share with you my experiences and what made me finally walk away This book is about survival it is about how you can go to rock bottom and come back up again How you can feel that your life is finished and then find a whole new purpose and energy for living In my previous book *This Tangled Web* I shared my poetry written in the years after my abuse here we have the untangling of that web and the story behind the poetry About the Author Kate Swift was born into a family of 5 other siblings in the spring of 1977 Kate's early years were not a great introduction into family life and the world around her Her father worked hard and drank even harder coming home to sleep off the alcohol For Kate as a child of 3 4 5 he was a loud and scary person who ranted and raved Kate found solace by hiding under the table until the shouting was done Kate was a mummy's girl she adored and idolised her mother Whilst her father was someone she felt never particularly wanted her Kate enjoyed school and thrived on the love of her mother Life was never quiet with 5 other siblings around and the ups and downs of every day living When Kate was in her 8th Year she was just like any other child enjoying school playing with her dolls drawing pictures making mud pies just being a child until the day her life would change forever The day her older brother placed his hand

somewhere she had never been touched before It was the school summer holidays a bright sunny day and they were watching cartoons on television That was the beginning of the end of her childhood and what followed was a further 8 years of being sexually abused Kate would be woken up in the middle of the night by him climbing into her bed In her sleepy state she would be told what was expected of her not always with words in fact often with silent physical prompting Always when he got what he wanted from her he would turn and walk away never looking back or speaking Kate was left with her soft toys for comfort It won't surprise you to know she suffered nightmares and was so afraid of the dark Night times held a ritual for Kate before she would go upstairs to bed she would send her dad up What did she want him to check for I guess her parents thought they were checking for monsters under the bed Her curtains had to be shut tight no gaps the light had to be on the windows locked Kate was trying to feel safe in a world where the danger was inside the house and silent The sexual abuse was everything from touching to rape Kate never knew when next he would come to abuse her She would listen out for the floor board that creaked in a certain spot on the landing No time of the day or night was off bounds to him depending on the availability of his victim and the right opportunity Life continued as normally as was possible for Kate in between these times Looking back there were signs that adults could have picked up on but for whatever reasons missed When Kate was 15 years old the ordered chaos in her mind descended into complete terror and panic Here she was a student at senior school who thought she was expecting her brother's baby The torment was too much and

Translating Psychological Research Into Practice Lisa R. Grossman, Steven Walfish, PhD, 2013-11-15 It is refreshing to see both a researcher's and a clinician's viewpoint The case examples in the clinician sections are great learning tools This is a wonderful reference for both new therapists and seasoned veterans Researchers also will learn how clinicians use theories in the real world Score 92 4 Stars Doody's Medical Reviews The format whereby the evidence for efficacy of psychological interventions for the problem in question is reviewed by an expert followed by a clinician presenting a case where these treatments were actually utilized and the real life problems one runs up against in the course of treatment is innovative enough But then to repeat this for 65 different problems in a manageable and succinct format represents a true integration of science and practice in a way that will move us forward David H Barlow PhD ABPP Center for Anxiety and Related Disorders Boston University It is only through the development of true partnerships between researchers and clinicians that mental health treatment can achieve an optimal level of success This highly accessible desk reference will assist clinicians in easily incorporating findings from current evidence based research into their day to day practice It bridges the gap between empirical research and the needs of practicing clinicians and clinicians in training The guide brings together respected researchers and clinicians to discuss approaches to treating over 60 problem areas for adults adolescents and children It provides concise easily digestible summaries of the most current evidence based research regarding interventions for many of the most common clinical disorders and mental health issues encountered in everyday clinical practice These summaries present research that has

been translated by experienced clinicians into practical applications that can be easily incorporated in therapeutic practice

Research coverage of each problem area includes

- Brief description
- Incidence prevalence data
- Summary findings of best practices for treatment
- Suggestions for research directions
- Key references for further consultation

The corresponding clinical application includes

- Response to the research summary
- Case example that applies the evidence based research to clinical practice
- Identification of challenges and cultural considerations in applying these interventions
- Suggestions for future research
- Key references

By presenting the perspectives of the mental health researcher and clinician side by side this reference facilitates an important dialogue that narrows the gap between research and practice and ultimately fosters better mental health outcomes for clients

Key Features

- Covers over 60 of the most frequently encountered disorders and issues for both adult and pediatric clients that mental health clinicians face today
- Brings together leading researchers and clinicians to discuss their approaches to treating a clinical problem area
- Summarizes the current research on treatments in each problem area
- Interprets research for clinicians offering practice wisdom that helps them become more effective evidence based practitioners
