

**Essay 1 – English 102  
Mrs. Matayabas  
Fall 2012**

## **Censorship: What it means to me and all of America**

First read and respond to the article “What is Censorship” by the GILC posted under “Handouts” on the class website. In a full 2 page essay, respond to the article and relay experiences that have helped you form your attitudes toward censorship. Perhaps you haven’t thought about censorship before? It’s time to think about it now and you should spend some time talking to respected peers, friends, and family members about censorship. Through those discussions, and further research if needed, begin forming your own opinion.

You may find it helpful to recall a time you decided to “self-censor” or a time you decided to exercise your right as a citizen to “freedom of speech” and chose to share your opinions. Often, our decisions to censor ourselves or share our opinions begin a chain of events that cause us to appreciate our freedom of speech or contemplate censorship.

Be thoughtful of your audience in your organization and thorough description by using examples and narratives. Remember to come to some conclusion as to why your view of censorship is significant to others and the concept of free speech.

Remember, the first essay is always an opportunity to “show off” your writing skills for your college English Instructor. Allow yourself to be creative!

Follow all essay format instructions and review the grading rubric (both are included in your ENG 102 course description) to gain a better understanding of how this essay will be graded.  
Good Luck!

the end of Reconstruction and into the New South era more than one thousand white southern women attended one of the  
Seven Sister colleges Vassar Wellesley Smith Mount Holyoke Bryn Mawr Radcliffe and Barnard Joan Marie Johnson looks at  
how such educations in the North at some of the country's best schools influenced southern women to challenge their  
traditional gender roles and become active in woman suffrage and other social reforms of the Progressive Era South  
Attending one of the Seven Sister colleges Johnson argues could transform a southern woman indoctrinated in notions of  
domesticity and dependence into someone with newfound confidence and leadership skills Many southern students at  
northern schools imported the values they imbibed at college returning home to found schools of their own women's clubs  
and woman suffrage associations At the same time during college and after graduation southern women maintained a  
complicated relationship to home nurturing their regional identity and remaining loyal to the ideals of the Confederacy  
Johnson explores why students sought a classical liberal arts education how they prepared for entrance examinations and  
how they felt as southerners on northern campuses She draws on personal writings information gleaned from college  
publications and records and data on the women's decisions about marriage work children and other life altering concerns In  
their time the women studied in this book would eventually make up a disproportionately high percentage of the elite  
southern female leadership This collective biography highlights the important part they played in forging new roles for  
women especially in social reform education and suffrage      The Paradox of Change William H. Chafe, 1991 Here is a  
sweeping study of American women in the 20th century by a leading scholar of women's history The Paradox of Change  
ranges from the Progressive Era and the New Deal to the rise of feminism and the New Right in the 1970s and 1980s  
Thoroughly researched and incisively argued it is essential for anyone who wants to learn more about how women have  
shaped and been shaped by modern America      *Easy Researcher* Elizabeth Ferszt, 2015-07-11 This intention of this little  
book is to make the college writing process easy it is a book for both teachers and students of writing The activities at the

end of each chapter are designed to build traditional lesson plans around for teachers and are designed so that students can practice the skills in each chapter The writing skills are scaffolded building from chapter to chapter toward a full paper This book relies on the work of other college writing texts which also intended to demystify the writing process I have gleaned the best practices from each in hopes that short segments of a variety of approaches will respond to differences in learning styles and to a range and scope of methods It values synthesis above self determination **Supernatural** D R Thorpe,2010-09-09

Great grandson of a crofter and son in law of a Duke Harold Macmillan 1894 1986 was both complex as a person and influential as a politician Marked by terrible experiences in the trenches in the First World War and by his work as an MP during the Depression he was a Tory rebel an outspoken backbencher opposing the economic policies of the 1930s and the appeasement policies of his own government Churchill gave him responsibility during the Second World War with executive command as Viceroy of the Mediterranean After the War in opposition Macmillan was one of the principal reformers of the Conservatives and after 1951 back in government served in several important posts before becoming Prime Minister after the Suez Crisis Supernatural examines key events including the controversy over the Cossacks repatriation the Suez Crisis You've Never Had It So Good the Winds of Change the Cuban Missile Crisis and the Profumo Scandal The culmination of thirty five years of research into this period by one of our most respected historians this book gives an unforgettable portrait of a turbulent age Shortlisted for the Orwell Prize *The Cambridge Apostles, 1820-1914* William C. *Veterans of Future Wars* Donald W. Whisenand,2010-10-26 The Veterans of Future Wars VFW was a short lived student movement that came in response to the bonus paid to World War I veterans in 1936 The VFW began at Princeton University but quickly spread across the United States attracting attention from all groups of American citizens It was extremely popular on college campuses but it engendered vocal and intemperate opposition from the Veterans of Foreign Wars the American Legion chambers of commerce and other citizens The student leaders were branded as Communists Fascists or

other similar subversive groups The group attracted attention from political leaders some members of Congress were supportive but others attacked the group on the floor of the House of Representatives The student group ended about four or five months after it began Despite its short life it was a successful movement that attracted wide support and caused serious discussion about the role of the federal government in providing bonuses to veterans American journal of pharmacy ,1881
