Death by Prison Christopher Seeds, 2022-07-12 In recent decades life imprisonment without the possibility of parole LWOP has developed into a distinctive penal form in the United States one firmly entrenched in US policy making judicial and prosecutorial decision making correctional practice and public discourse LWOP is now a routine practice but how it came to be so remains in question Fifty years ago imprisonment of a person until death was an extraordinary punishment today it accounts for the sentences of an increasing number of prisoners in the United States What explains the shifts in penal practice and social imagination by which we have become accustomed to imprisoning people until death without any reevaluation or expectation of release Combining a wide historical lens with detailed state and institutional level research Death by Prison offers a provocative new foundation for questioning this deeply problematic practice that has escaped close scrutiny for too long

Death before Dying Gary Belkin, 2014-01-29 Brain death the condition of a non functioning brain has been widely adopted around the world as a definition of death since it was detailed in a Report by an Ad Hoc Committee of Harvard Medical School faculty in 1968 It also remains a focus of controversy and debate an early source of criticism and scrutiny of the bioethics movement Death before Dying History Medicine and Brain Death looks at the work of the Committee in a way that has not been attempted before in terms of tracing back the context of its own sources the reasoning of it Chair Henry K Beecher and the care of patients in coma and knowledge about coma and consciousness at the time That history requires re thinking the debate over brain death that followed which has tended to cast the Committee s work in ways this book questions This book then also questions common assumptions about the place of bioethics in medicine This book discusses if the advent of bioethics has distorted and limited the possibilities for harnessing medicine for social progress It challenges historical scholarship of medicine to be more curious about how medical knowledge can work as a potentially innovative source of values

**Historic Resource Study, a History of Mining in Death Valley National Monument** Linda W. Greene, 1981 *Befriending Death* Michael Vocino

and Alfred G. Killilea, 2014-07-28 It's not easy to speak about death in our culture. As children of revolution we think of our country as young, energetic and future oriented. Our ideals of progress and vigor seem contradicted by the concept of death. But the silence about death in America is a lost opportunity for people to find insight and support in walking that lonesome valley. In *Befriending Death*, over 100 writers respond in one page each to one question: In the face of death, how do you find meaning and fulfillment in life? Penned from people from a variety of backgrounds, the essays take death seriously and openly and discuss how the authors find meaning in life. This chance for a rare sharing of views on a truly profound subject has attracted commentators who are deeply religious and those who are not; noted authors and people who have never published a word; people celebrated by the world and people ignored by the world. As they are all equal in their mortality, they are equal in striving for an authentic existence and an honest description of what for them constitutes fulfillment. While each essay in *Befriending Death* is unique, together they present a tapestry of courage, struggle and insight. At a time when we are often overwhelmed by the eagerness of people to provide their opinions on politics and sports, here is a rare opportunity to hear people share their most profound views on life and death.

*Death by Toilet Paper* Donna Gephart, 2015-07-28 Fans of Louis Sachar will welcome the adventures of a contest-crazed seventh grader who uses his wits and way with words in hopes of winning a big cash prize to help his family avoid eviction. Benjamin is about to lose a whole lot more than good toilet paper. If he doesn't make tons of money fast by selling candy bars and winning contests like the Royal T Bathroom Tissue slogan contest, his family will get kicked out of their apartment. Even with his flair for clever slogans, will Benjamin be able to win a cash prize large enough to keep a promise he made to his dad before he died? Or will he lose everything that matters to him? Praise for *Death by Toilet Paper*: Readers can't help but enjoy this heartening book about hanging in there. Kirkus Reviews: Ben is a character kids will root for. Publisher's Weekly: Would make a fine classroom read-aloud. The Bulletin

**Dying and Death**, 2007-01-01 Death is a topic people are reluctant to ponder. Neither is dying a process that is usually being openly discussed. However, on a variety of occasions, dying and death are on a person's mind under some sensitive circumstances: he or she is eager to discuss with a close person, a friend, a professional. The present volume, the second in the Series on Dying and Death, is meant to enrich personal experience of dying or death by providing its reader with knowledge and understanding of some aspects of dying or death. Section 1 describes practices of mourning in different times and places: USA during the Civil War, Ashley Byock, the Island of Vis between Croatia and Italy, Kathleen Young, present-day Israel, Asa Kasher, medieval Serbia, Mira Crouch and post-Holocaust USA, Paula David. Section 2 consists of reflections on mourning. It includes philosophical discussions of Friendship, Gary Peters, Grace Dana Freibach, Heifetz and the Other, Havi Carel, all in the context of mourning as well as Mourning itself as a skill, Marguerite Peggy Flynn. Section 3 brings papers on culture and suicide in early modern Holland, Laura Cruz, in historical Japan, Lawrence Fouraker, as well as in the Jazz age, Kathleen Jones. Section 4 discusses different predicaments of medics facing death and dying: terminal diagnosis, Angela Armstrong, Coster, palliative

patients Anna Taube and the hospice setting Elizabeth Gill *The Life and Death of Gus Reed* Thomas Bahde, 2014-09-30

Gus Reed was a freed slave who traveled north as Sherman's March was sweeping through Georgia in 1864. His journey ended in Springfield, Illinois, a city undergoing fundamental changes as its white citizens struggled to understand the political, legal, and cultural consequences of emancipation and black citizenship. Reed became known as a petty thief appearing time and again in the records of the state's courts and prisons. In late 1877, he burglarized the home of a well-known Springfield attorney and brother of Abraham Lincoln's former law partner, a crime for which he was convicted and sentenced to the Illinois State Penitentiary. Reed died at the penitentiary in 1878, shackled to the door of his cell for days with a gag strapped in his mouth. An investigation established that two guards were responsible for the prisoner's death, but neither they nor the prison warden suffered any penalty. The guards were dismissed, the investigation was closed, and Reed was forgotten. Gus Reed's story connects the political and legal cultures of white supremacy, black migration, and black communities, the Midwest's experience with the Civil War and Reconstruction, and the resurgence of nationwide opposition to African American civil rights in the late nineteenth century. These experiences shaped a nation with deep and unresolved misgivings about race, as well as distinctive and conflicting ideas about justice and how to achieve it. **Death of an Overseer** Michael Wayne, 2001

In May of 1857, the body of Duncan Skinner was found in a strip of woods along the edge of the plantation near Natchez, Mississippi, where he worked as an overseer. Although a coroner's jury initially ruled his death to be accidental, an investigation organized by planters from the community concluded that he had been murdered by three slaves acting under instructions from John McCallin, an Irish carpenter. Now, almost a century and a half later, Michael Wayne has reopened the case to ask whether the men involved in the investigation arrived at the right verdict. Part essay on the art of historical detection, part seminar on the history of slavery and the Old South, *Death of an Overseer* is above all a murder mystery, a murder mystery that allows readers to sift through the surviving evidence themselves and come to their own conclusions about who killed Duncan Skinner and why. The Death of American Virtue Ken Gormley, 2010-02-16

Ten years after one of the most polarizing political scandals in American history, author Ken Gormley offers an insightful, balanced, and revealing analysis of the events leading up to the impeachment trial of President William Jefferson Clinton. From Ken Starr's initial Whitewater investigation through the Paula Jones sexual harassment suit to the Monica Lewinsky affair and Brett Kavanaugh's role in the subsequent inquiry, *The Death of American Virtue* is a gripping chronicle of an ever-escalating political feeding frenzy. In exclusive interviews, Bill Clinton, Ken Starr, Monica Lewinsky, Paula Jones, Susan McDougal, and many more key players offer candid reflections on that period. Drawing on never-before-released records and documents, including the Justice Department's internal investigation into Starr, new details concerning the death of Vince Foster and evidence from lawyers on both sides, Gormley sheds new light on a dark and divisive chapter, the aftereffects of which are still being felt in today's political climate.
