Praying Personalities Janet Holm McHenry, 2024-02-13. Discover the particular way God designed you to connect with Him through prayer. You should pray in the morning. You should write out your prayers. You should make prayer lists and pray through them every day. You should pray with others or out loud. We've all heard the you shoulds of prayer from pulpits, presenters, and well-meaning friends. But when none of these ways to pray feel natural, what's next? Janet Holm McHenry has studied prayer extensively, and the one thing she knows for sure is that there's no one-size-fits-all way to pray. Instead, there are different styles of prayer, and by discovering the style most instinctive to each individual personality, staying in touch with God throughout the day becomes simple and all the more joyful. In this book, the author helps readers determine their particular praying personality by examining the praying styles of biblical people, spiritual gifts, and various ideas about personality, including the classic temperaments, the Enneagram, and more. McHenry includes scores of bulleted suggestions for developing a praying lifestyle that works for individuals. She has also created a Praying Personality Quiz for readers available in the book and online to help narrow down the style that will most naturally fit into how they process a prayer life. Whether a longtime Christian who has tried various prayer strategies but can't keep up, or a new believer looking to learn about this spiritual discipline, every reader who dives into this book will come away with a renewed prayer life and a greater understanding of who God created them to be.
